

## The Yun Family's Ninth Child is an Imp! Chapter 2974

Hei Xinjiu had sneaked to the outermost side of the nightmare clan's base without anyone noticing. This fellow was in high spirits and was just about to charge out when he heard a loud sneeze!

"Achoo! Which Battalion are you from? Why are you wearing so much powder? This is a battlefield, not a powder house! How Outrageous!" Ao Jisen said coldly.

The moment he came back, he saw that the base was in chaos. Just as he was burning with anxiety, he vented his anger on unlucky nine.

Unlucky Nine's heart was like a beeping dog!

Damn it, he was just one step away from escaping, but he just had to bump into this farting crown prince. He was really unlucky!

She could only say in a hoarse voice, "Your subordinate knows his mistake, your subordinate knows his mistake. Just now, the Nightmare Beast suddenly went into a riot. Your subordinate was so anxious that I spilled a box of powder on my body. Your subordinate didn't do it on purpose."

Hearing Yun Chujiu's words, Ao Ji's expression eased up a little. Then, he heard someone shouting that Yun Chujiu had run away. His heart sank, and he quickly jumped over.

Yun chujiu heaved a sigh of relief in her heart. Just as she was about to leave.., she heard an arrogant woman's voice say, "It just so happens that I came in a hurry and didn't bring my maid over. You're quite pleasing to the eye. You can serve me for the time being!"

Yun Chujiu was afraid that Ao Ji would notice her, so she didn't dare to look up. Now, she realized that Ao Ji didn't come back alone, and there was a beautiful young woman following him.

Yun Chujiu's heart was like ten thousand divine beasts whizzing past. How could she be so unlucky? ! It was not easy to deceive ao ji, and now there was a BULLSH \* t princess. What the F \* ck!

This guy wanted to force his way in, but there were many guards behind this princess, and they all seemed to be experts. Why not take this princess as a hostage?

Hei Xinjiu still felt that it was not very safe. Let's not talk about whether she could successfully kidnap the princess. Even if she could successfully kidnap the princess, Ao Ji's speed was so fast that he did not look like a human after he used the secret technique last time. She still could not escape.

Just as he was hesitating, the princess snorted unhappily, "What? You are not happy to serve me? Kill her! I am an eyesore."

What the F \* ck!

Where did this idiot come from? ! He wanted to kill her just because of a disagreement?

Although he was cursing in his heart, he said, "Princess, Princess, you have misunderstood! I, I was too excited for a moment. I was so excited that I could not speak! To be able to serve you is a blessing that I have cultivated for eight lifetimes."

When the princess heard Yun Chujiu's words, she revealed a smug look on her face. "You sure know how to talk. What's Your Name?"

Yun chujiu thought to herself, how would she know what her name was? ! She had never studied those lousy names of the Yan clan. What if they were exposed?

This fellow rolled his eyes and said in a fawning manner, "Princess, it's fine if I don't use my original name. Princess, please bestow a name on this subordinate."

The princess was obviously very satisfied with Yun Chujiu's explanation. She curled her lips and said, "You are quite smart. I heard that Brother Crown Prince hates an ugly human named Leng Xiaojiu very much. From now on, you will be called kill Xiaojiu!"

The freshly-made kill Xiaojiu:"..."

“Thank you for the name, Princess! This name is really great! Princess, you are really a talented girl who is both civil and martial!”

Yun Chujiu said this, but in her heart, she had killed this Bullsh \* t princess more than 10,000 times. F \* ck, she killed Little Jiu? From now on, this great aunt will change her name to kill the Nightmare Clan! Kill the Nightmare Clan! Kill the Nightmare Clan! F \* ck!
