

## The Yun Family's Ninth Child is an Imp! Chapter 2977

TSK TSK, this meant that a woman was chasing a man. This princess Pian Pian was really infatuated. She actually chased him to the front line.

It had to be said that this fellow was really big-hearted. At this time, he still had the heart to gossip about others.

Ao Ji's expression was very ugly, but he seemed to be unable to do anything to this Princess Pian Pian. He was silent for a moment, then, he said, "Go back obediently. Give me a month to think about it. I will give you an answer when the time comes."

Princess Pian Pian's face lit up. She knew that Ao Ji would most likely agree to it if he said so. She immediately beamed with joy. "Alright, I will listen to you, Brother Crown Prince. I will go back after having breakfast with you."

Hei Xinjiu's heart was instantly filled with joy. This was great!

As long as she left with Princess Pian Pian, she would definitely have a way to escape midway. Haha, this was truly wonderful!

Just as this fellow was feeling extremely happy, he heard ao ji say, "Coincidentally, there's a portion of the soldiers that need to be changed. I'll Get Mo Luan to lead them to protect you."

Yun chujiu consoled herself. Having more people wasn't a big deal, and Mo Luan following wasn't a big deal either. She could still find a way to return. Yes, Definitely.

This fellow's good mood came to an abrupt end when they set off. Princess Pian Pian said with a look of disdain, "You're so clumsy in doing things. Just stay here and be a soldier!"

Yun Chujiu:"..."

"Princess! Princess! Just take me in! Although I'm ugly and clumsy, my name was given to me by you. When you and the Crown Prince are married, will you be able to talk more about me when you think of my name?"

Princess Pian Pian was obviously pleased by Yun Chujiu's words about her and Ao ji getting married. The smile on her face was almost overflowing. "Alright, since you still know how to speak, come with me!"

"Thank you, Princess!" Hei xinjiu heaved a sigh of relief. As long as she left the Nightmare Race's camp, she would definitely think of a way to leave.

This fellow followed behind Princess Pian Pian and left the nightmare race's camp. However, when he saw the tens of thousands of nightmare race troops in front of him, his heart broke down!

Why were there so many people? Was there a need for such a huge change in defense? Could she go back on her words?

As the main target of protection, Princess Pian Pian was naturally protected in the middle of the Nightmare Race's army. Yun Chujiu, this personal maid, could only bitterly follow by her side.

As time passed, this fellow had basically given up on escaping.

She had no way of leaving Mo Luan's line of sight. Mo Luan was like a good hunting dog, staring at her at all times. To be exact, he was staring at Princess Pian Pian.

Yun chujiu quickly figured out what was going on. Mo Luan actually had a crush on Princess Pian Pian? Princess Pian was madly in love with Ao Ji Again?

Oh My, what a Drama!

Yun Chujiu tried all means to escape from Mo Luan's sight, but she was mercilessly killed by Mo Luan! Mo Luan had only one reason: the Princess only had her maid now. If she left, who would take care of the Princess?

Yun Chujiu was furious!

No matter how much she thought about it, she did not expect Mo Luan to be Princess Pian Pian's admirer. Moreover, he was the type of admirer who was a brainless fan.

Hei Xinjiu secretly thought that Ao ji would not intentionally let Mo Luan send this Princess Pian Pian, right? Was it to let them develop a relationship?

The Ten Thousand Feet Tall Gobi was less than two days away from the Yan clan's nest. Hei Xinjiu's escape plan had completely failed!
