

The Yun Family's Ninth Child is an Imp! Chapter 2978

This fellow had a big heart. She thought to herself that she wouldn't be able to escape anyway. Since she had come, she should just take it as it was. Damn it, they had forced her to do this! If she didn't turn the Yan clan's lair upside down, she wouldn't be called to kill Little Jiu! Ah, Yun Chujiu!

Yun Chujiu had originally thought that the Yan clan's lair was also a desert or a Gobi Desert. She had never thought that the Yan clan's territory wasn't any different from the other places in the immortal origin continent.

Moreover, the territory was vast and it wasn't just a corner of the continent.

Yun chujiu curled her lips in her heart. The Yan clan was really insatiable. What was wrong with this place? Why did they have to start a war with the humans?

This fellow was afraid of being exposed, so he didn't talk much along the way. Moreover, he wasn't as fawning over Princess Pian Pian as before.

The reason why this fellow was like this was because he felt that if she was too pleasing to Princess Pian Pian's heart, she might be placed in an important position. When that time came, a tall tree would attract the wind. Once someone exposed that she wasn't from the Yan clan, it would be terrible.

After walking for another two days, they finally arrived at the capital city of the Yan clan.

The city walls were tall and sturdy, and the city gates exuded an ancient and majestic aura. It seemed like they had quite a foundation.

Mo Luan sent Princess Pian Pian to the Prince Ankang's residence before he left.

Before Princess Pian Pian entered the residence, a large group of maidservants and old women came out to welcome her. Some of them even revealed jealous expressions when they saw Yun chujiu.

Yun Chujiu:" ..."

Are you kidding me? ? ! was a mere servant worthy of these people's jealousy?

Princess Pian Pian was clearly enjoying the scene of the stars surrounding her. She glanced at Yun Chujiu who was standing obediently behind her, she said to a servant girl, "Ziye, this killing Little Jiu is a servant girl that I took in at the front line. She's clumsy, so she can be considered a third-class servant girl!"

Hearing Princess Pian Pian's words, some of the old servant girls looked at Yun chujiu with even more hostility. Yun Chujiu's heart was like a beeping dog. How could a third-class servant girl attract jealousy? Could it be that these people only had a little pursuit in life?

Princess Pian Pian still had to pay her respects to Prince Ankang and Princess Ankang, so Yun Chujiu naturally couldn't follow her. Ziye arranged for her to be with a servant girl called Qing Ling.

Yun chujiu ridiculed in her heart. Qing Ling? Wasn't that clear zero? This name was really lacking in skill!

The few people in the spirit beast pouch silently ridiculed. Only a useless person like you had the nerve to make fun of others? Pui!

"What's your name again? You killed Little Jiu, right? You've really reached the heavens in a single step! Who in our nightmare race doesn't know that Princess Pian Pian is going to marry the crown prince in the future? ! That would be the future empress.

"As long as our princess marries the crown prince, even if we are third-class handmaidens, we can still be married to some officials or generals in the future, "Even some officials and young ladies might not be able to marry as well as us."Qing Ling said rather proudly.

Yun Chujiu silently ridiculed in her heart. Didn't this answer the phrase 'one person achieves the dao, chickens and dogs ascend to heaven'?

Yun Chujiu cooperated and revealed a pleasantly surprised expression, she fawningly said, "Sister qingling, my family is poor and I don't have much knowledge, so I followed you to become a soldier. I

hope you can give me more advice in the future. This is just a small token of my appreciation. Don't think it's too little."

Hei Xinjiu took out a few pieces of the captured nightmare stones and handed them to qingling. Seeing that Yun chujiu was so tactful, Qingling's smile became more sincere:

"Little Sister Jiu, our third-grade maids usually do cleaning and the like. As long as we are honest, there won't be any problems. "But there's one thing you must remember, that if the princess chooses someone to follow her to the nightmare ancestor's land, you must never follow her."
