

The Yun Family's Ninth Child is an Imp! Chapter 298

Those silver desert wolves did not attack rashly. One of them, who was larger than the others and presumably the king, walked to the front! It howled fiercely at Yun Chujiu.

The other silver wolves followed suit. The earth-shattering howls were especially horrifying in the night! The faint-hearted would probably be scared to death!

However, it was clear that Yun Chujiu was not a timid person. She took out a thick dried willow branch from her storage ring and threw it on the ground!

The wolf king did not know what Yun Chujiu meant to do and took a few steps back.

Yun Chujiu waved her right hand and a purple lightning bolt struck the dried willow branch. The thick dried willow branch was instantly split into two and black smoke rose up.

The silver wolf pack was in an uproar. Demonic beasts were instinctively afraid of heavenly lightning. On top of that, Yun Chujiu used a purple lightning bolt.

The wolf king howled a few times before the wolf pack quieted down.

Its eyes flickered, obviously thinking of something.

Yun Chujiu's mind was not idle either. She kept thinking of countermeasures. Although she could temporarily suppress these silver desert wolves, she was outnumbered. Once they rushed up to her, she would not be able to hold them off.

Yun Chujiu observed for a moment. There were about a dozen silver desert wolves to the east. If she caught them off guard, she could run away. However, her speed was too slow. If she did so, she would still be caught. It would be good if there was something that could hold them off...

If she threw out the body of the single-horned demon lizard, she might be able to delay them. However, she really could not bear to do so. She had not dug out the demon core of the single-horned demon lizard yet! That was a lot of points!

Moreover, the body of a Tier Eight Demonic Beast was also very expensive. It could be exchanged for a lot of Spirit Stones! She should have kept the bodies of the desert scorpions! In the future, one must learn from one's mistakes. Once could not abandon anything at will.

The rolling pin was on the verge of tears! This master was really willing to sacrifice her life and not her wealth! They were already in such a dire situation, yet she was still worried about some bullsh*t points?!

Yun Chujiu used her spiritual sense to rummage through her storage ring. Finally, she found the corpses of more than ten low-level demon beasts in a corner! Those were the wind-blade rabbits that Yun Chujiu hunted in the mountains behind Spirit Radiance Sect. They were supposed to be barbequed.

Yun Chujiu immediately had an idea.

She pointed at the sky. "Look! An airship!"

Airship? The wolf pack subconsciously raised their heads to look at the sky. Yun Chujiu shot a bolt of lightning toward the silver wolves to her east.

She did not strike the silver wolves with the lightning. Wolves were extremely vengeful animals. If they were hurt, they would definitely pursue her relentlessly. It was better not to make enemies.

The few silver wolves on the east side subconsciously dodged. Yun Chujiu immediately ran out! Yun Chujiu threw away the rabbit corpses in her storage ring as she ran.

Some of the silver wolves stopped to eat the corpses. The wolf king howled a few times, leaving a few silver wolves to guard the corpses. It continued to chase after Yun Chujiu with the rest of the pack.

Yun Chujiu could not help but curse in her heart. This wolf king was really f*cking smart!

The speed of the wolf pack was extremely fast. Just as Yun Chujiu was frowning, she realized that there was a sand slope in front of her. She quickly curled her body into a ball and rolled down.

The wolf king was stunned. Then, it took the lead to follow Yun Chujiu's example and rolled down. The rest of the silver wolves followed suit and rolled down the sand slope.

Yun Chujiu was on the verge of breaking down. This wolf king was about to succeed!

Not long after, the wolf pack once again surrounded Yun Chujiu in the middle! The wolf king raised its head high, looking very proud.

It howled a few times, and all the wolves dug their front paws into the ground, ready to attack. They were waiting for the wolf king to give the order to pounce on Yun Chujiu.

Yun Chujiu was about to sadly throw the demon lizard's corpse away. The wolf king probably would not trust the other wolves to guard the Tier Eight Demon Beast's corpse, and she had some confidence in getting rid of the other wolves.

At that moment, there was a commotion among the wolves.
