

The Yun Family's Ninth Child is an Imp! Chapter 2982

Hei Xinjiu felt that she had really broadened her horizons!

She had not expected that there would be a waterfall behind this sacrificial temple. What surprised her even more was that Princess Pian Pian and the women from the four great clans had actually taken off their outer clothes and jumped into the pool below the waterfall while wearing only their inner clothes.

Hei Xinjiu's face did not show it, but she was completely dumbfounded in her heart!

What was going on in the minds of these people from the nightmare race? These people ran to the so-called nightmare ancestor's land just to take a bath?

Just as Hei Xinjiu was stunned, she noticed that the four maidservants from the four great clans also took off their outer clothes and went into the waterfall. However, in order not to offend their master, they could only carefully bathe at the edge of the pool.

Hei Xinjiu looked left and right. She was the only one left on the shore. In order not to expose herself, she had no choice but to go into the pool as well. However, this fellow did not take off his outer clothes, so who knew if it was safe inside. It was better for her to be careful.

Apparently, no one cared too much about her and focused on bathing.

Hei Xinjiu was even more confused. Wasn't it just a Bath? Why did these people look so pious?

After a while, everyone finished bathing and went ashore.

Hei Xinjiu helped Princess Pian Pian change into a coat before drying her wet clothes with spiritual power. Then, she randomly put on a coat outside.

Princess Pian Pian glared at her, but she didn't say anything.

Yun chujiu then realized that ever since they entered the sacrificial temple, these people hadn't said a single word apart from reciting the Zhu Wen.

After they walked around the waterfall, they started to speak softly.

Through their conversation, Yun Chujiu had a preliminary understanding of the Yan clan's four great families, namely the Ji family, the Mu family, the Lian family, and the Yin family.

The four women were all the direct daughters of the clan. Ji Lian, Mu Yan, Lian E, and Yin Shuangshuang.

After walking for a while, the volume of their voices began to increase.

“Princess Pian Pian, last time, the five of us, you absorbed the least amount of nightmare energy. You lost to me for 10,000 Nightmare Stones. How about we increase the stakes this time?” Ji Lian said provocatively.

“Humph! You can decide how much you want. Why would I, Princess Pian Pian, be afraid of You?” Princess Pian Pian said disdainfully.

“Okay, then let’s change the stakes to 20,000 Nightmare Stones and a maid. What do you think?” Ji Lian deliberately glanced at Yun Chujiu when she said this.

Yun Chujiu’s heart skipped a beat. What was the meaning of adding a maid? If Princess Pian Pian lost, she would belong to the winner, or would she have to be killed?

Princess Pian Pian didn’t agree immediately, and her expression was somewhat hesitant.

Ji Lian said provocatively, “What? You wouldn’t be afraid to accept the challenge, right? It’s just a little handmaiden. Could it be that you can’t bear to part with her? That’s true. I reckon that this handmaiden is someone you shamelessly begged from the crown prince. Naturally, you can’t bear to part with her.”

Princess Pian Pian gritted her teeth. "HMPH! Let's Gamble then. I'll agree to it. However, what if one of You is ranked last?"

Ji Lian said nonchalantly, "If we lose, it'll be the same. If we lose to the first place, we'll lose twenty thousand nightmare stones and a servant girl. The Nightmare Stones will be yours, and the servant girl will be sacrificed to the sacred beast of the Nightmare Race."

Yun Chujiu's heart was like a beeping dog!

No Wonder Qing Ling had instructed her not to follow Princess Pian Pian to the land of the nightmare race. So it turned out that these little B * stars would always sacrifice living humans to the so-called Bullsh * t sacred beast?

This fellow consoled himself. The probability of Princess Pian Pian losing was one in five. She might not be so unlucky and lose. Also, what did they mean by absorbing nightmare qi?
