

The Yun Family's Ninth Child is an Imp! Chapter 2983

Yun Chujiu stole a glance at the other four maids. She did not see any worry or fear on their faces. Instead, she was somewhat gloating.

Needless to say, the target of their gloating was Yun Chujiu!

Yun Chujiu's heart tightened. Looking at how fearless they were, there was a high chance that Princess Pian Pian would lose. What should she do then?

Before Yun Chujiu could think of a good idea, everyone arrived in front of a round platform.

In the middle of the round platform was a statue of a demonic beast. It looked extremely ferocious and had four vertical pupils that looked like snakes.

There were a few grooves around the round platform. Princess Pian Pian and the rest put their jade tokens into the grooves and knelt down to recite the blessing. The content was exactly the same as the chanting in the sacrificial hall. Hei Xinjiu still could not understand a single word.

Hei Xinjiu's focus was now on the monster. Oh My, wasn't that ugly thing the nightmare beast that was locked up in the forbidden grounds of Tian Yuan Academy? Meng Yanshou?

Back then, she had tricked this thing into swearing her loyalty to her. She had even given it the name curly hair and promised it that she would save it after finding the Heaven Punisher Axe or the ten thousand year fire marrow.

Was It actually the so-called sacred beast of the Yan Clan?

Then, the question arose. Since curly hair was locked up in Tianyuan Academy, how were they going to sacrifice the so-called sacred beast? Could it be that there were other Meng Yanshou in this world? Didn't curly hair say that it was the only one?

Yun chujiu looked at Princess Pian Pian and the others. As they chanted, the statue of Meng Yanshou emitted a black nightmare aura from its mouth. Then, it was divided into five portions and poured into Princess Pian Pian and the others' jade tokens.

Yun chujiu judged with her naked eyes that Princess Pian Pian's portion was the least. This fellow's heart skipped a beat. She was afraid that she was going to be unlucky!

Should she run or what should she do?

There were many guards outside the nightmare ancestor's land. It wouldn't be easy to escape. Otherwise, should she kidnap Princess Pian Pian?

It wouldn't work either. Even if they could leave the nightmare ancestor's land, they wouldn't be able to escape the territory of the nightmare clan. It was better to first see what was going on with their so-called sacrificial offering and then act according to the situation.

After a while, the nightmare beast statue no longer emitted any nightmare Qi from its mouth. Only then did Princess Pian Pian and the others stop chanting.

Ji Lian glanced at the round platform, and then said proudly, "Mine is 400 nightmare qi points. How Much Is Yours?"

Yun chujiu stretched her neck and looked. Only then did she realize that there were nine circles on the sides of the grooves where the jade tokens were placed. Ji Lian's one lit up with four circles.

This fellow took another look. The other three people had lit up three dots, and only two dots lit up on the corresponding grooves of Princess Pian Pian.

This fellow had long been mentally prepared for this, so he wasn't too surprised.

Princess Pian Pian's expression was very ugly. "This is 20,000 nightmare stones. Men, lock this Leng Xiaojiu into the Holy Beast Hall and consecrate the Holy Beast."

Yun Chujiu's heart moved. So it was just a lock? This guy felt that rather than fighting with these nightmare clansmen, he might as well go and see the so-called holy beast. Perhaps it was curly hair's little cub.

It was much easier to trick the nightmare clansmen than to trick the beasts!

Therefore, this guy did not resist at all. He was escorted to the second sacrificial temple by two guards from the Nightmare Ancestor's land.

This guy wanted to get some information, but the two guards' expressions were solemn. They did not pay any attention to her and even threatened her. If they spoke again, she would be knocked out. This guy had no choice but to stop.

When they arrived at the entrance of the second sacrificial hall, the two guards continued to recite the Incubus' ancient language. They then opened the door of the Divine Hall and pushed Hei Xinjiu in.
