

The Yun Family's Ninth Child is an Imp! Chapter 2991

Yun chujiu saw that the Meng Yanshou didn't seem to be lying, so she believed it and took a detour to the miasma area.

The Meng Yanshou felt as if it had seen a ghost. It had never expected that the little girl with a black heart would go to the miasma area. Oh God, it wasn't to be blamed for this. It hadn't said anything.

A few days later, Hei Xinjiu arrived at the edge of the miasma area.

Even at the edge of the miasma district, there were no activities of the Yan clansmen. There were only some low shrubs on the ground. The miasma district in the distance was shrouded in white mist. There was no movement at all. It was dead silent.

"Curly hair, are there any demonic beasts in this miasma district?" Yun chujiu asked Meng Yanshou, who was still diligently reading the script in the spiritual beast bag.

"I've already said that it's the miasma district. Of course there are no demonic beasts. Not to mention demonic beasts, there aren't even demonic insects! "There are poisonous plants inside. Little Fairy, don't be stubborn. Don't go in! "Let's think of another way to leave the far west region."

Yun chujiu ignored him and walked into the poisonous miasma zone.

The poisonous miasma zone was indeed filled with poisonous plants. Yun chujia recognized some of them, but she had never seen some in the ancient books.

Here, it was like a paradise for Guai Cao!

The poisonous plants that people avoided were all delicious guai Cao. Guai Cao kept ordering Yun chujia to chew and swallow them, and those that could not be eaten would be taken away with their bags!

Meng Yanshou's red rabbit eyes widened, "Aiyo!"! No wonder this black-hearted little girl wanted to pass through the miasma area. It turned out that she was really not afraid of poison!

Meng Yanshou muttered in his heart. It was good that she was not afraid of poison, but she must never encounter such a situation.

He felt so stifled in his heart. He clearly knew that he shouldn't have come here, but he couldn't tell the truth. He was so depressed that he wanted to vomit blood!

Forget it, let's just read the storybook. Children and grandchildren will have their own fortune!

If Yun Chujiu knew that this guy was abusing his words, she would probably kick him away! Who the F * ck is your son and grandson? Shameless!

Yun chujiu picked the poisonous plants and asked Meng yanshou, "Curly hair, there's nothing here. Isn't there just some poisonous plants? After so many years, no one can pass through here?"

Meng Yanshou almost vomited blood!

Nothing?

Do you know that the poisonous plants in your hand right now can kill hundreds of people with just a drop of poison? Do you know that the poisonous fog in this poisonous miasma area can make people bleed to death just by inhaling a little bit? It was easy for you to say that just by standing there!

Of course, these were all the inner complaints of Meng Yanshou, but he said flatteringly, "Little Fairy, it's not that there's no danger here, but you're too strong! You'd better hurry up and try to get out before dark."

Yun chujiu curled her lips. This curly hair was becoming more and more obsequious!

At this moment, Yun Chujiu noticed a few wisps of black fog drifting in front of her. Yun Chujiu was stunned. "Curly hair, why is there a black fog in this white fog?"

Meng Yanshou almost spat out a mouthful of blood! What it was afraid of came true! It was over! Was it too late for it to return to the sacrificial temple and become a holy beast? SOB SOB, I regret it! This black-hearted B * Tch was just unlucky. How could it just happen to bump into her?

Yun chujiu saw that Meng Yanshou didn't say anything and asked again. Meng Yanshou could only reply listlessly, "I don't know, I don't know anything."

Although Yun Chujiu felt that this fellow was hiding something from her, she knew that she would not be able to find out even if she asked, so she decided not to ask it. Anyway, this fellow had always believed that no matter what difficulties he encountered, there would always be a solution!
