

The Yun Family's Ninth Child is an Imp! Chapter 2994

After following those people out of the valley, Yun Chujiu first arrived at a town.

It turned out that these people had sold some of the nightmare beasts they had hunted to shops in exchange for some nightmare stones. Then, they used the nightmare stones to buy some rice that looked similar to spiritual rice and some daily necessities.

Only then did Yun chujiu remember a question. Those nightmare clansmen from the immortal Yuan continent also had nightmare stones. Where did they get their nightmare stones from?

Meng Yanshou pursed his lips. "Isn't it simple? They took it with them when they left the dark continent!"

Yun chujiu thought that it made sense. When those people left, they naturally took away all the valuable things, and the Nightmare Stone was the first to bear the brunt of it. Presumably, the nightmare stone mines that had been discovered at that time had all been swept away.

Yun chujiu also discovered a problem. There were more men and fewer women in the Yan clan on the streets. The men were almost twice as many as the women. Even the not-so-good-looking women from the Yan clan were fawned over by a few men.

Yun Chujiu's heart skipped a beat. No wonder these people accepted her so readily. Could it be that they were planning to marry her off? After all, there seemed to be fewer women here.

Yun Chujiu weighed the pros and cons in her heart and decided to follow these people. After all, not only was she not familiar with the roads, but she was also not fluent in the language.

These people's spiritual powers were not very high. If they had any bad ideas, she could totally deal with them.

Therefore, Yun Chujiu continued to follow those people out of the town without batting an eyelid. After making several turns, they arrived at a village.

Soon, some old people and children came out of the village. Occasionally, a few women could be seen, but each of them was like a young lady from a big family. They were extremely arrogant.

Because they had walked for a long time, Yun Chujiu's face was covered in sweat. She took out a handkerchief and wiped her face. When those women saw Yun Chujiu's appearance, they clearly showed hostility, they asked the old man who brought Yun chujiu back in a questioning tone.

After the old man said a few words, those women revealed gloating expressions, then they twisted their waists and left.

Although Yun chujiu couldn't understand the old man's words, she guessed that the old man said that she couldn't speak and couldn't hear, so those women had a sense of superiority and left.

Only then did Yun Chujiu realize that the appearance of the Yan clansmen here was far inferior to those people from the Immortal Yuan continent, which was why those women showed hostility towards her.

After those women left, some young men pointed and pointed at Yun chujiu as if they were criticizing her. In the end, they even started to fight.

Hei Xinjiu stood at the side and watched coldly. Was this the decision of her ownership? Damn it, then let's see who is unlucky enough to win!

The last burly man won the final victory. He walked in front of Yun chujiu with a big grin on his face. He mumbled and then reached out to pull Yun Chujiu's hand.

Yun chujiu waved her hand repeatedly and pretended to be shy.

The burly man laughed and mumbled a few more words, then motioned for Yun chujiu to follow him.

A faint light flashed across Yun Chujiu's eyes. The exciting journey to the dark continent should start from this idiot!

Yun chujia followed the burly man to a courtyard at the west end of the village. It was obvious that he was the only one in the burly man's house. The burly man directly brought Hei xinjia into the inner room.

The burly man's mind was filled with lust. It was not easy for him to finally get married. Although he was deaf and dumb, he was still good-looking!

When the big man was about to enjoy the beauty, he saw the beauty smirk, and then nothing..
