

The Yun Family's Ninth Child is an Imp! Chapter 2998

Ruhua?

Hei Xinjiu's heart was like a beeping dog! Could it be that she had recently suffered retribution because she had given such a name to the cute idiots?

To Kill Little Jiu and Ruhua at the same time was simply too tragic, wasn't it? !

Although this fellow was extremely unwilling, he still said respectfully, "Ruhua, thank you for the name, Princess. I'll take my leave."

After Yun Chujiu left..., princess Wang You coldly snorted. "Nanny Qi, the Lord still doesn't want to see me. I've thought of many ways to get close to him, but it's all to no avail." "I'm the Princess of the Yan clan, but I can't even see him once. I really want to force my way in."

Nanny Qi's expression changed. "Princess, you absolutely mustn't! Have you forgotten? A few days ago, His Highness the Crown Prince wanted to force his way into the Sacred Hall. In the end, his feet had just stepped into the sacred hall when he was sent flying. His Highness the Crown Prince is still recuperating on the bed!"

"That, that's because royal brother is a man. I don't believe that a delicate girl like me would be treated so rudely," princess Wang You Said angrily.

“This, princess, I heard that Sheng Zun has a very bad temper. The people who serve him are sent flying every few days, and some even lose their lives. So you’d better not offend Sheng Zun.

“Besides, Sheng Zun lives in our imperial palace. We’ll meet sooner or later.” “Why don’t you go to the vicinity of the sacred palace often? Maybe Sheng Zun will come out one day.” “Besides, even if he doesn’t meet Sheng Zun, he’ll definitely be moved by your sincerity,” Grandma Qi advised.

Princess Wang You nodded. “Alright, this is the only way! I’ll Take That Ru Hua to the vicinity of the Sacred Palace tomorrow. Prepare a few sets of green clothes for her. I think they’ll be more suitable for her.”

“Okay!” Granny Qi agreed. She thought to herself that her big red lips and the Green Palace maid uniform were simply too ugly!

After Granny Qi came out, she called Hei Xinjiu to the side. “Ru Hua, the princess will bring you around the temple tomorrow. be smart and don’t offend the princess. Also, these palace maid uniforms are yours.”

Yun Chujiu’s eyes twitched when she saw the Green Palace Maids’ uniforms in nanny Qi’s hands. Was this the rhythm of a match between red and green?

Nanny Qi lowered her voice again and said, "Little girl, I think you're quite pleasing to the eye. Let me remind you that if you don't want to be implicated, you must stop the princess from forcefully breaking into the Sacred Hall. Otherwise, the princess will not recover, and neither will you!"

Yun chujiu nodded her head gratefully and didn't ask further. She didn't need to ask to guess that it was nothing more than Princess Wang You's unrequited love for her!

Perhaps because Hei Xinjiu's appearance was too ugly, the palace maids of Wang You Palace didn't push her out. In addition, this fellow had a sweet mouth, so he quickly found out about most of the matters.

The Lord had arrived at the Yan clan's imperial palace about two months ago. As for what the Lord was here for, they weren't too sure.

They had never seen Sheng Zun's appearance before. It was said that Sheng Zun usually wore a mask. However, Sheng Zun's demeanor of looking down at the world was like a natural noble aura. Everyone who saw Sheng Zun could not help but want to submit to him.

Yun chujiu chimed in. She cursed in her heart. Pui! What kind of demeanor of looking down on the world? It was like a natural noble aura. It was nothing more than the pressure brought about by their high spiritual power.

And she's wearing a mask? Obviously, she's too ashamed to face anyone! What the hell is this Sheng Zun?
