

The Yun Family's Ninth Child is an Imp! Chapter 3009

Princess Wang You was so angry that she was about to explode!

That red and green couple actually called her an ugly freak?

“All of you kill her! I want to cut her into a thousand pieces!” Princess Wang you shouted in exasperation.

The imperial guards of the Yan clan's imperial palace did not move when they heard Princess Wang You's order. They looked at Hei Xinjiu who was feasting on her food and muttered in their hearts, 'this person clearly has nothing to fear. Could she really be a person of the Lord?'

That's right. Previously, the Lord had insisted that she pour the wine for Sheng Zun to drink. Only a ghost would believe it if it was fine!

Also, the Lord was such a perverted person!

He was actually touched by this red and green duo and did not kill her. What did this mean? It meant that the Lord treated this red and green duo differently!

As for Princess Wang You wanting to kill them, there was still Emperor Yan up there! Moreover, the law did not punish everyone, could she really kill all of them?

Hence, those imperial guards of the Yan clan's imperial palace were tacitly watching Hei Xinjiu eating and drinking, not one of them dared to make a move.

When Princess Wang You saw that those imperial guards did not listen to her orders, she was so angry that she almost fainted!

They had rebelled! These people had rebelled!

Just as Princess Wang You was about to personally kill Yun Chujiu, Emperor Yan glared at her. "Wang You, shut up! Men, send the princess back to Wang You Palace and recuperate in Wang You Palace for the time being!"

Princess Wang You could not believe her ears. Had her father gone mad? He was actually defending that red and green couple? And, he had even grounded her?

Before Princess Wang You could fly into a rage, she was forcefully taken away by the maidservant beside the empress.

The empress was much more sensible than Princess Wang You. There was not only one prince in the harem, nor was there only one princess. If she offended Emperor Yan, she might not even be able to hold on to her position as the Empress.

The Empress tried to figure out Emperor Yan's intentions, then, she smiled and said to Hei xinjiu, "Miss ru Hua, I've spoiled Wang you so much that he's very impetuous. Don't take it to heart. These dishes are a little cold. Why don't I send someone to serve you some new dishes?"

The empress naturally did not mean to serve Hei xinjiu any new dishes. She just wanted to give both parties a way out. Who would have thought that there was someone who really did not know how to be polite.

"Alright, then I'll have to trouble the Empress. Oh right, bring me more meat dishes. I don't like to eat tasteless vegetables," hei xinjiu said as she chewed on the drumstick.

The Empress: "..."

However, since the words had already left her mouth, she could only order someone to remove the cold dishes on the table and order the imperial kitchen to bring the newly cooked dishes over.

Hei Xinjiu looked at the table full of delicacies and immediately smiled, she said to the dumbfounded crowd, "Don't just stand there. Let's eat together. Also, the dance just now looked pretty good to me. Hurry up and make them dance. It's such a beautiful day. If we let them down like this, we'll be struck by lightning!"

Boom!

An explosion of lightning struck the roof of the meeting hall. Fortunately, the meeting hall was very sturdy and did not suffer any damage.

Hei xinjiu laughed dryly. "Coincidence, coincidence, it's purely a coincidence! Come, continue eating."

Emperor Yan and the rest's attitude towards Yun chujiu immediately changed!

If it was only for the sake of the Lord's face before, now there was a little fear. This red and green pair said that the Lightning had attracted heavenly lightning. If they offended her, wouldn't they be struck by lightning? !

Therefore, even though everyone did not know the taste of food, they still perfunctorily accompanied Hei Xinjiu to eat and drink.

The Lord, who had returned, originally thought that he would see Hei Xinjiu being beaten up by the crowd. Who would have thought that not only was Hei xinjiu fine, she even took over Sheng Zun's seat and ate and drank, while commenting on the singing and dancing, it was extremely nourishing..
