

The Yun Family's Ninth Child is an Imp! Chapter 3012

Princess Wang you gritted her teeth in anger. With a wave of her hand, the guards behind her rushed forward.

Hei Xinjiu narrowed her eyes. Although her spiritual power was not considered high in the immortal Yuan continent, it was considered pretty good in the dark continent. However, she had adjusted her spiritual power to the sixth level of the Ling Xuan Realm. Did these people still think that she was a pushover? Today, she would show them how powerful Little Fairy Jiu was.

Just as Hei Xinjiu was about to make a move, the guards flew out like kites with broken strings, and continuous wails could be heard.

Hei Xinjiu was stunned. "Aiyo, is she so powerful now?"? She could kill people with her mind alone?

Just as she was enjoying herself, she heard a cold voice behind her, "Get in Here!"

Get Your Ass in here?

Hei Xinjiu was dazed for a moment before she realized that it was the voice of the Crazy Lord Sheng Zun. Did he agree to let her enter the temple? Did he slap those guards away?

Hei xinjiu suddenly felt more confident, she pointed at Princess Wang you and said, “Bah! How dare you say that I’m Ugly? “Let me tell you, you are the ugliest person in the entire palace, no, in the entire nightmare clan! “Not only are you ugly, you are also stupid. If I Were you, I would just find a piece of tofu and kill myself!”

After Hei Xinjiu finished speaking, she ran towards the temple.

What a joke. If she didn’t run, would she be waiting to be beaten up? !

Buttface wanted to cry but had no tears as he followed behind her. In terms of the ability to cause trouble and gain hatred points, no one in the dark continent could compare to this person. This person was seeking death by playing tricks!

She did not think that the Lord would leave the dark continent sooner or later. Wouldn’t the royal family still have the final say then? Could it be that she still had the delusion that the Lord could bring her out of the dark continent?

When Hei Xinjiu ran to the entrance of the temple, a guard opened the temple door eagerly. Yun chujiu quickly brought buttface into the temple.

After Yun Chujiu entered the temple, she immediately saw the triangular-eyed guard who was trying his best to reduce his presence in San Jiaoyan.

Hei Xinjiu walked to his side with a sinister smile. "You were quite happy to see me make a fool of myself just now, weren't you?"

"No, no, Miss Ru, Ru Hua, no, Aunt Ru Hua, please spare me! I was wrong!"The triangular-eyed guard said in a humble voice.

He felt as if his heart was going to explode! He did not expect the Lord to change his mind and take in this red and green couple. If he had known earlier, he would not have offended this red and green couple!

"If you leave the temple now, I will spare your life. Otherwise, I will kill you!"Hei Xinjiu was never someone who would be at a disadvantage. Moreover, if she did not chase someone out, how could she let Buttface take over?

The triangle-eyed man looked at the Guard's little leader for help. The little leader looked as if he was blind. He did not even look at him. Instead, he looked up at the sky. Aiyo, the weather today was just right. The clouds in the sky were really white..

San Jiaoyan looked at the sword in Hei Xinjiu's hand and left the temple dejectedly.

Hei xinjiu pursed her lips and said to the leader, "Buttface is my man. He will replace San Jiaoyan in the future. You all better be sensible. I will kill whoever offends me!"

San Jiaoyan and the others nodded. They were actually quite confused!

Where did this red and green couple get their confidence from? Didn't she think that she was too arrogant? Didn't she think that her position was too high?

Wasn't she just a palace maid? What right did she have to be so arrogant? What right did she have to be so Shameless?
