

The Yun Family's Ninth Child is an Imp! Chapter 3016

The Lord looked at Hei Xinjiu coldly. "Just follow Sheng Zun. He's so noisy!"

Hei Xinjiu:"..."

Forget it! Bah! A pig's nose in a big green onion!

Hei Xinjiu rolled her eyes and said to buttface, "Buttface, follow me!"

This guy was afraid that Sheng Zun would not return to the palace. If he left buttface here alone, he would definitely die, so it was better to take him away.

Sheng zun frowned indiscernibly, but he did not say anything and walked out of the temple.

After walking for a short while, hei xinjiu said, "Lord, aren't we going to ride swords? Are we going to walk?"

Sheng Zun looked at her as if she was an idiot. "I'm going to the library in the palace. Do I need to ride swords?"

Hei Xinjiu:” ...”

F * ck!

You Lunatic!

Why did you call her to the library? If she had known that this lunatic was going to the library, she would have obediently read the storybook in the temple!

However, this fellow’s eyes suddenly lit up. There might be a good storybook in the Yan clan’s library, so there was no harm in going to take a look.

Therefore, this fellow said to Buttface who was behind him, “It’s none of your business. Go back to the temple! If anyone makes things difficult for you, tell them my name and scare them to death!”

Buttface was dumbfounded. He thought to himself, telling them your name would probably kill them faster, right? Thinking of this, he quickly ran back to the temple, afraid that he would run into Princess Wang You’s people.

Hei xinjiu touched her nose in embarrassment and followed behind Sheng Zun.

Everyone in the palace was stunned!

Oh My God, Sheng Zun actually came out of the temple? Everyone consciously kneeled on the ground, extremely pious.

Hei Xinjiu pursed her lips. What was there to be afraid of about this lunatic? ! If she didn't still want to use him to return to the immortal Yuan continent, she would have killed him in a minute!

Meng Yanshou was so angry that he was amused!

Where did she get this confidence from? She even wanted to kill that person? That person could easily turn her into ashes with a wave of his hand! However, that person seemed to be much weaker than before. Could it be that she was injured?

However, even if she was much weaker, it would still be a piece of cake for her to kill Hei Xinjiu. This little girl really overestimated herself!

How would the Nightmare Beast know that Hei Xinjiu was purely playing around with herself! ! Of course, she knew that she could not defeat Sheng Zun. Otherwise, why would she compromise like this? !

When Emperor Yan heard his subordinate report that Sheng Zun had come out of the Sacred Hall, he hurried over.

“Sheng Zun, what are your orders? What do you need me to do?” Emperor Yan asked in fear and trepidation.

Sheng Zun stopped but didn't say anything. Instead, he glanced at Hei Xinjiu who was behind him.

Hei xinjiu immediately understood and said with a smug look, “Our Sheng Zun wants to go to the library to take a look. Your Majesty, Please send someone to lead the way for us.”

Emperor Yan hurriedly nodded his head and muttered in his heart, ‘this red and green match has really caught the Lord's Eye?’? ‘He even brought her to the library?’?

Emperor Yan was afraid that others would offend the lord, so he asked Sheng Zun to accompany him.

Sheng Zun had no choice but to lead the way carefully. Sheng Zun felt that the distance from the sacred palace to the library was so long? ! His clothes were all wet. Sheng Zun's pressure was too frightening!

Finally, they arrived at the Yan clan's Imperial Palace's library.

Hei Xinjiu pondered in her heart. When the Yan clan left the dark continent, they should have taken a lot of books with them. Could there be any books that Sheng Zun would be interested in?
