

## The Yun Family's Ninth Child is an Imp! Chapter 3033

Meng Yanshou stared at di beiming and Yun Chujiu with his red rabbit eyes, his heart was filled with curiosity!

Aiyo!

That black-hearted little girl's fiancé was really the Lord? Who would have thought that the Lord would take a fancy to this little girl? TSK tsk, her taste was very unique!

However, this little girl was also a little strange. Could she be the reincarnation of some big shot?

Just as the Nightmare Beast was pondering over Hei Xinjiu, Xiao Heiniaoy pointed at it with its short wings and said, "Curly hair, you're the youngest, so you're the only one on duty today! We're going to sleep!" Meng Yanshou said

The Nightmare Beast was so angry that it gritted its teeth. If it wasn't for the fact that its shell wasn't strong enough, it would have plucked this fat bird into a bald chicken no matter what. It was too infuriating!

Xiao Hong and the red fox also glared at Meng Yanshou with the same hatred. How could a non-contract beast compete with them for the pet? Ptui! Dream On!

Meng Yanshou was a down and out Phoenix that was inferior to a chicken. He could only lower his head and stand guard at the entrance of the cave.

However, this guy also had a good way to kill time. Read the script!

Meng Yanshou lay at the entrance of the cave and read the script while paying attention to the movements outside. As he watched, he became fascinated. By the time he realized that something was wrong, his entire body had been stomped into pieces..

Meng Yanshou floated out from under its huge hooves and cried out, "Oh no! There's a monster! Damn it, this is the first time I've opened my shell. I'm so aggrieved!"

Yun chujiu, di beiming, and Dumb Meng were awakened by the cries of Meng Yanshou. They saw that the entrance of the cave was tightly blocked. Apparently, the thing outside was too big, and only one leg had reached in, a fierce roar was heard.

The nightmare beast floated to Hei Xinjiu's side. "Master, Quick, give me a powerful demonic beast to drive its shell. I want to take revenge!" Meng Yanshou said

Hei xinjiu glanced at it, and then released a violent boar. "This is the one with the highest spiritual power in my place. You can use this!"

Hei Xinjiu did not forget that the Nightmare Beast had said that if the Lord was her pretty boy, it would choose a boar to drive its shell. However, Meng Yanshou had said that if the lord was her pretty boy, it would choose a boar to drive its shell.

Meng Yanshou glanced at the violent boar and curled his lips. "I'd better choose a rabbit!"

Thus, Meng Yanshou once again turned into a wind-blade rabbit.

The thing outside was obviously eager to enter, so it used its body to hit the hole, wanting to use brute force to expand the hole and then enter.

Yun chujiu curled her lips. Are you the only one who's grown up? Release da Hua and you'll be scared to death!

Therefore, the thing released a group of piglets with spiritual power and pounced on the thing.

The thing had probably never seen such a strange spiritual beast, so it subconsciously took a few steps back. Hei Xinjiu lay on the ground and looked out. It was a giant beast with a strange appearance. It looked like a cow but also like a tiger, it was probably an ancient demonic beast, which was why it was not recorded in the ancient books.

Meng Yanshou said from the side, "I know this thing. This is a bull lion beast. Although it was not a powerful creature in the ancient times, it is still very difficult to deal with outside now. Fortunately, it only has a strong body and does not have any spiritual attack methods."

Meng Yanshou sized up Yun chujiu and said proudly, "However, with your small body and those trash combined, you are not a match for the Bull Lion Beast. Do you need me to weave a dream for it?"

Yun chujiu glanced at Meng Yanshou and said, "Get lost and stay away! I think you are the most trash!"
