

The Yun Family's Ninth Child is an Imp! Chapter 3034

Meng Yanshou was so angry that he almost vomited blood. Xiao Heiniaoyao and the others were gloating at the side, they deserved it! You still want to pretend to be a big clove in front of Black Heart's master? I Won't kill you!

Meng Yanshou cursed in his heart, you guys can keep gloating! ! Won't you still have to beg me to make a move later? ! Humph!

At this moment, Hei Xinjiu had already reached the entrance of the cave. Since the Bull Lion Beast didn't have any spiritual power attack methods, he wasn't afraid of being ambushed by it.

The Bull Lion Beast looked at the few piglets with spiritual power on its legs with a look of confusion and disdain.

Were humans so weak now?

The spiritual power materialized was actually a pig? and a Piglet?

"Hey, you mixed breed of neither bull nor Tiger. I'm warning you, get lost quickly! Or else I'll kill you!" Hei xinjiu leaned against the entrance of the cave and said fiercely.

Bull Lion Beast: "..."

Half-breed? wasn't it a half-breed for short?

This smelly girl's mouth was too mean! She simply cursed the beast without any swear words!

She was a smelly girl at the sixth level of the Lingxuan realm, and she actually threatened it? Was she crazy?

When Yun Chujiu had just arrived at the dark continent, she had already adjusted the level of her spirit energy to the sixth level of the Lingxuan realm. This guy was listless and evil. When it was time to show off, it was better to pretend to be a pig to eat a tiger.

"Bull Lion Beast!" The Bull Lion Beast Roared, and its eyes were full of disdain. Its long fur trembled, and the piglets of spiritual power fell to the ground one after another. They dimmed, as if they were going to dissipate at any moment.

The Bull Lion Beast raised its leg and stepped on Hei Xinjiu, who jumped into the cave with a whoosh, it grinned at the bull lion beast and said, "You hybrid, if you have the ability, why don't you come in? What's the use of growing so big? ! Trash! Idiot!"

The Bull Lion Beast was about to explode in anger. Its roar was deafening.

The Nightmare Beast stared at the rabbit and curled its three-petal mouth. This little girl was simply courting death. If she hadn't angered the Bull Lion Beast, it would have been able to hold on for a little longer. Now that the Bull Lion Beast was enraged.., perhaps the Bull Lion Beast wouldn't care about living or dying anymore and would directly bury them alive inside.

HMPH, this little girl might come and beg it right away. When that time came, it would definitely taunt and ridicule her, so that she would learn a lesson, so that she would not have to teach it a lesson all the time.

Di beiming looked at Hei Xinjiu with some worry, and Hei Xinjiu smiled at him. "Beauty, don't worry, I will definitely protect you."

Di beiming:"..."

If not for his guilt and guilt, di beiming really wanted to teach the smug Hei Xinjiu a lesson. Unfortunately, it wasn't just a matter of guilt and guilt. Right now, he had the heart but not the strength. It was uncertain who would teach who a lesson!

At this moment, the Bull Lion Beast outside the cave had gone mad with anger. Just as it was about to use the giant horn on its head to collapse the cave, it realized that its tail was being pulled by something. Its body couldn't help but retreat..

The Bull Lion Beast turned around with a terrified expression. It saw a huge purple pig using its hooves to pull its tail. Its eyes were filled with disdain and ridicule.

The Bull Lion Beast was a little dumbfounded. This thing was a spiritual beast? A huge purple pig? The pig had turned into a spirit?

The two rabbit eyes of the Nightmare Beast, Meng Yanshou, were dumbfounded!

Holy Sh * t!

No wonder the black-hearted little girl was fearless. Her spiritual beast was actually this thing? Although it was a little weak now, it would be a big deal in the future!

No wonder the Lord and her son-of-a-bitch saw eye to eye with Sheng Zun. It seemed that this little girl was really not simple!

Meng Yanshou decided to be obedient in the future. Whether it was the lord or this little girl, it could not afford to offend them. If it was obedient, it might be able to return to its original form very soon.
