

The Yun Family's Ninth Child is an Imp! Chapter 3036

The Bull Lion Beast woke up very quickly. It felt that it had nothing left to live for!

Not only was the majestic ancient demon beast angered to the point of fainting, but it was actually signed into a temporary contract by this smelly human girl in a daze. It was simply the saddest Bull Lion Beast in history! There was no other one!

“Bull, you will be my mount from now on! Don’t worry, when I leave this place, I will let you leave. I’m So Sleepy, you stand guard outside. I’m going to go in and sleep!”

Daniel?

Although the bull lion beast could not tell what was wrong with this name, how could it, a dignified bull lion beast, be called such a lame name? It was simply hopeless!

Hei Xinjiu yawned as she entered the cave. She hugged di beiming’s neck and kissed his lips. “Little beauty, this young master has tamed the monster. Let’s go back to sleep.”

Di Beiming:” ...”

Endure!

A man can bend and stretch. Black Thing, just you wait!

After a good night’s sleep, the first thing Hei Xinjiu did when she woke up the next day was to tease a certain lord.

“Little Beauty, did you sleep well last night? Were you mesmerized by my heroic bearing when I tamed the beast? HMM? Come, let me give you a sweet smell.”

Hei Xinjiu kissed di beiming on the lips as she spoke and even bit him with her teeth.

Di Beiming’s ears and neck turned red even though he was shivering from the cold! No one knew if he was embarrassed or angry.

“Little Jiu, don’t go too far!”

“Go Too Far? Are you going too far? You played me so miserably! I didn’t have the face to settle the score with you yesterday when I saw you half dead. And you said I went too far?”

Did I treat you as a maid? Did I shut you out of the door? Did I ask you to pour wine? I made you fall off the flying sword...”

Every time Hei Xinjiu asked a question, di beiming’s imposing manner would decrease by a bit. In the end, he did not dare to say another word.

“HMPH! Pretty Boy, let me tell you, there is cause and effect. This is the bitter fruit that you planted yourself. Even if you cry, you have to eat it! Come, beauty, let’s Have Another fragrance!”

Di beiming was in pain but also happy!

On one hand, Yun Chujiu kissing him was something that he could not wish for. However, on the other hand, he was a man. Being teased by his little wife, he simply did not want to live anymore!

Meng Yanshou used his claws to cover the mouth of Sheng Zun and snickered. This black-hearted little girl was really something. He did not expect the Lord to be so defeated.

Could it be that the Lord liked this style of Sheng Zun? TSK tsk, his taste was really different from the others!

Meng Yanshou was watching the show when he noticed the lord glancing at him.

Meng Yanshou suddenly shivered. It was over! It was over! One misstep could lead to eternal hatred. The Lord would definitely not forgive Sheng Zun after he recovered!

Meng Yanshou was so regretful that his intestines were turning green! He was using his life to watch the Show!

Meng Yanshou quickly thought of a way to remedy the situation. Therefore, when Hei Xinjiu wanted to tease di beiming again, Meng Yanshou grinned and shouted, "Little Fairy, shouldn't you interrogate that Stupid Bull?"

Yun chujiu slapped her thigh. Yes, it was time to get down to business.

Meng Yanshou saw Yun Chujiu leaving the cave to interrogate the Bull Lion Beast. He carefully approached di beiming and said in a low voice, "Your Excellency, I was wrong. Please spare me!"

Di beiming snorted, "Let's see your performance in the future!"

Meng Yanshou immediately expressed its loyalty, "Your Excellency, don't worry! From now on, I will be with the little fairy and my heart will be with you. You are the man I have been waiting for for ten thousand years! I will be your beast in the future!"

Di beiming, "Get lost!"
