

The Yun Family's Ninth Child is an Imp! Chapter 3044

"Not yet, but I think it should be in the lake ahead," di beiming said in a deep voice.

Yun chujiu nodded, "Little beauty, don't worry. I will definitely help you get what you want. When the time comes, you have to serve me well!"

Di beiming was already numb to Hei Xinjiu who was possessed by the acting talent. If she was willing to act, then ACT! Anyway, he would remember every single stroke!

A lifetime was so long, there was no need to be afraid of settling accounts. Take your time!

Hei xinjiu shivered for some reason and comforted herself. It was probably because the gigolo's body was too cold. Yes, that must be the case.

When they were almost halfway there, a violent wind suddenly blew up in front of them. The sand on the ground was all swept up by the wind. Hei xinjiu hurriedly raised her spiritual energy barrier to protect herself and di beiming.

There must be something wrong. Why was there a strong wind all of a sudden?

Hei Xinjiu did not continue to walk forward. She stopped and took out a recliner and placed di beiming on it. Then, she protected him behind her.

After the strong wind passed, black gas gathered in all directions and gradually transformed into the figure of a woman. Her figure was graceful and beautiful. However, there was a sense of resentment between her brows.

"Little Jiu, this is Yuan Sha. You have to be more careful." Di beiming reminded her from the side. He hated his own body to the extreme, but at this moment, something happened to him.

Yuan Sha?

Yun Chujiu had seen the introduction of Yuan Sha in the ancient books. Yuan Sha was formed from the condensation of many vengeful souls. Although it was not a devil, it was not far from becoming a devil.

Yun chujiu could not help but laugh. This fallen God pool was the place where the gods died. Their remnant souls actually condensed into Yuan Sha. In the end, they might even become devils. This was simply too ironic.

Yuan Sha was also sizing up Hei Xinjiu and di beiming. When it saw di beiming, its eyes immediately burst with infatuation. What a handsome man!

Yun Chujiu was instantly enraged!

“Damn it! Where are your eyes looking? That’s my man! Are you courting death? !”

When di beiming heard Yun Chujiu’s words, the corners of his mouth curled up. He loved to see the lively black things.

“Oh, little girl, what a big tone. You are just a little girl who hasn’t grown up. What qualifications do you have to compete with me?”Yuan Sha said as he looked at Hei Xinjiu’s neck and above her abdomen with a mocking gaze.

Hei xinjiu followed Yuan Sha’s gaze and lowered her head. Immediately, she became even more angry from embarrassment. She really had to bring up the pot to the kettle. Right now, the thing that she was most angry about was these two little steamed buns!

However, although this fellow was angry in his heart.., he said with a smile on his face, “Old woman, I’m sorry. My Man likes me like this. I’m small and cute! Unlike some people, if you don’t know, you’ll think I’m a cow or a cow!”

Although di beiming knew that the situation was not right, his ears were still red. Small and cute, HMM, what he said was really impressive..

When the Yuan Sha Heard Hei Xinjiu’s words, its face immediately darkened. “Stupid girl, I will not lower myself to your level. You can leave him here, or I will kill you!”

Yun chujiu curled her lips. “You are not even a ghost. What right do you have to threaten me? ! I also have a sentence for you. You can either get lost or die. It’s your choice!”

Yuan Sha laughed crazily. “Little girl, you don’t know the immensity of Heaven and earth. Since you are courting death, you can just absorb your remnant soul as my food!”

Yuan Sha’s hands turned into sharp claws as he spoke and clawed at Hei Xinjiu..
