

The Yun Family's Ninth Child is an Imp! Chapter 3049

Hei Xinjiu released the Meng Yanshou. After all, it was as if it was not dead even if it died. She just needed to change its shell.

“Curly hair, go ahead and scout the way.”

“Alright, I’ll go now.”The Meng Yanshou’s attitude was extremely upright. This fellow was already shocked by Yun Chujiu’s perversion!

Oh My God!

This black-hearted little girl actually had the remnant souls of Tao Wu and Qiong Qi? She must have a powerful background, so it was better to serve her carefully.

Meng Yanshou hopped closer to the Great Lake. When he was still a few hundred feet away from the Great Lake, he saw Golden Mist drifting out from each blooming golden lotus flower and finally condensing into a glittering monk?

Meng Yanshou was dumbfounded. What was this thing? Demon? He had never heard of a demon becoming a monk?

In order to show off in front of Hei xinjiu, Meng Yanshou opened his red eyes and shouted, “Hey! Who Are You?”

“This penniless monk is not a thing. This penniless monk is formed from the essence of the Buddha Lotus. Almsgivers, why are you here?”The monk asked in a calm tone.

“Hahaha! I’m dying of laughter! He actually said that he is not a thing! hahaha!”Meng Yanshou laughed and rolled on the ground.

The monk acted as if he didn't hear it. He didn't show any dissatisfaction but looked calmly at Hei Xinjiu and di beiming.

Di beiming frowned and whispered into yun chujiu's ear, "There's something strange. Be careful."

Hei Xinjiu agreed and took out the reclining chair to settle di beiming, then, she said to the monk, "We came here to pick some lotus flowers. We also want to know the way out of here. Master, can you do us a favor?"

The monk shook his head. "These are all lotus flowers, and none of them can be touched. Since you have entered this place, there is no way to leave. You'd better leave quickly, or you will regret it."

Hei Xinjiu curled the corner of her mouth. "Who said that these lotus flowers can not be touched? "Besides, there is a passage to leave under this lake. Are you trying to fool me? "Don't think that just because you've made yourself so shiny, you can pretend to be a ghost in front of me. I'm not afraid of This!"

Little Master? The corner of di Beiming's eyes twitched. was this a natural habit?

The Golden Monk was not angry when he heard that. Instead, he sat cross-legged and began to recite the scriptures.

Meng Yanshou held his head and said, "Little Fairy, my head hurts. I Can't listen to this thing!"

Seeing this, Yun Chujiu had no choice but to put Meng Yanshou into the Spiritual Beast Bag. Then, she rolled her eyes and said with evil intentions, "Hey, master, have you heard that emptiness is color and color is emptiness?"

The monk paused and was about to speak when Hei xinjiu leaned over and kissed di beiming's lips. She even reached into di beiming's clothes and touched everywhere.

Hei Xinjiu said while taking advantage of him, "Hey! See? This is lust! Come, explain to me, why is this also called Kong?"

"Little Jiu, you are very good. I will repay you properly." Di beiming said through gritted teeth. His eyes were as deep as a bottomless abyss.

Hei xinjiu shivered, but she did not take her hand out. It felt really good to not take advantage of a B * Stard!

The monk was obviously confused. He stuttered, "Female benefactor, please have some self-respect. Emptiness is lust, lust, not your lust..."

"Tch! I Don't care which one it is. Why are you stuttering? Do you have a common sense and want to find a wife to warm your bed? Do you also want to taste the seven emotions and six desires? !"
