

The Yun Family's Ninth Child is an Imp! Chapter 3056

If an ordinary person heard the demon saying this, they would probably suffer a huge shock and blow. After all, the human race generally believed that the demon had already been eliminated.

Even if there were a few left, they would not be able to achieve anything. Who would have thought that there were still countless demons living in places that the human race did not know about, and that the demons would spontaneously appear.

Unfortunately, Hei Xinjiu had never thought the same as ordinary people. This fellow said with a smile, "Is what you said true? That's great!

"I like killing demons the most. I was worried that there were too few demons left in this world, but I didn't expect there to be demons! "If there's a chance, I'll go to your demon race and kill them to my heart's content. Haha!"

Killing Demons:" ..."

F * ck, where did this mental illness come from? ? ! weren't humans always timid and afraid of trouble? How could there be such a weirdo?

Just as Sha Mo was thinking about it, he felt a little dazed. He immediately fell into the dream that Meng Yanshou had woven for him. What massacre? The demon world had occupied all the continents. In short, it was the scene that he wanted to see.

Hei Xinjiu saw that Meng Yanshou was absent-minded through the gap. Her eyes deepened and she swam toward Meng Yanshou from the turtle shell with a large kitchen knife.

As for the sharp-mouthed bats, hei xinjiu only held up the spiritual energy shield on her body and did not care about them. Now was the best time to kill Meng Yanshou. She could not waste any time.

Meng Yanshou was immersed in the wonderful dream when he suddenly felt a sharp pain in his spiritual sense. It turned out that the sharp-mouthed bats had awakened him. However, hei xinjiu was already in front of him, and the large kitchen knife in her hand slashed down at him.

Demon Slayer tried his best to Dodge, but he didn't expect the nightmare beast behind him to kick him again. It happened to be hit by Hei Xinjiu's slash.

Demon Slayer let out a blood-curdling scream and his body instantly turned into nothingness..

This time, the Nightmare Beast finally believed that the kitchen knife was the heaven-punisher divine axe. Only a divine weapon could be so powerful against a demon. It didn't expect the heaven-punisher divine axe to turn into a kitchen knife. It was really unbelievable.

Yun Chujiu was afraid that cracks would appear on the large kitchen knife again. She lowered her head and saw that there was nothing unusual. Only then did she relax and put the large kitchen knife back into its sheath.

The nightmare beast suddenly said, "Eh? Little Fairy, there's a whirlpool in the distance. It should be the exit, right?" Meng Yanshou said

Yun chujiu stretched her neck and looked. Indeed, there was a whirlpool in the distance. It didn't look particularly dangerous. It should be the exit.

However, the thing the pretty boy wanted had not been found, so she could not go out for the time being.

Yun chujiu entered the turtle shell. Di beiming said, "I sense that the thing I want to take is near the whirlpool. Let's go over!"

Yun chujia circled around the whirlpool a few times but did not find anything unusual. She could only get di beiming out of the turtle shell. Anyway, there was a water repellent bead, so she was not afraid of drowning.

Di beiming had no spiritual power at the moment, so his senses were not very sensitive. After spending a long time, he pointed to a spot and said, "Little Jiu, the thing should be under here. You Dig it and see."

Hei Xinjiu quickly took out her pickaxe and began to dig the hole, while digging, she claimed credit. "Little Beauty, you said that I am an enlightened monk and a devil killer for you. Now, I have to help you dig the hole. I have worked so hard for you! "Why don't you let me touch you a few more times when we get out?"

Di beiming squeezed out a sentence from between his teeth, "Little Jiu, I will remember your kindness. I will repay you well."

Hearing di Beiming's words, hei xinjiu said smugly, "It's good that you know. It's good that you know. Don't forget it when we get out!"

Meng Yanshou silently lit a candle for Hei Xinjiu. Little Fairy, if you don't do it, you won't die. Are you trying to court death..
