

## The Yun Family's Ninth Child is an Imp! Chapter 3058

Hei Xinjiu went ashore. Before she could release the ancient demonic beasts, five fanged bloodthirsty bears jumped out of the dense forest.

These fanged bloodthirsty bears had been staring at Buttface for a long time. However, Buttface hadn't come out of the lake, so they couldn't succeed.

Now that they saw two more people, they were naturally ecstatic.

It was understandable why they were ecstatic. They would get tired of eating one thing at a time, so it was necessary to change their tastes appropriately.

The fanged bloodthirsty bear in the lead roared a few times proudly. It meant that they were doomed.

Buttface wanted to jump back into the lake, but he didn't expect two fanged bloodthirsty bears to appear behind him. They roared proudly and cut off their escape route.

Buttface's heart skipped a beat. It was over! He was really dead this time! If he had known this would happen, he would have preferred to soak in the lake.

Yun Chujiu said to buttface with a smile, "Buttface, don't be afraid. These little bears are so fun! Don't worry, they won't hurt us."

Little Bears? Fun? Won't hurt them?

Is your brain damaged from soaking in the lake? !

Buttface was dumbfounded. It was over. This bad thing had gone crazy!

The fanged bloodthirsty bears were also dumbfounded. Was this human little girl scared silly? Little Bears? How were they small?

Just as they were in a daze, they heard the little girl say with a smile, "Little Bears, I'll give you a chance. Get lost or die. Make Your Choice!"

The fanged bloodthirsty bears were stunned for a moment before they let out ear-piercing roars. It was obvious that they were mocking Hei Xinjiu for overestimating herself.

Buttface, who was holding his sword, said, "Little Fairy, why don't we kill ourselves? We won't be able to live no matter what!"

Yun chujiu ignored this idiot and began to release the Demon Beasts. Yes, the ancient demon beasts.

When the fanged bloodthirsty bears saw the bull that came out at the beginning, although they were shocked, they didn't take it seriously. Although this thing was much bigger than them, it was alone and wasn't their opponent.

Then, with a whoosh, two Tigers were released.

The fanged bloodthirsty bears encouraged themselves. Although it was a bit difficult, they could still deal with it if they put in more effort.

Whoosh, another one..

Seeing the demon beasts being released one after another, the fanged bloodthirsty bears were in despair!

Damn it, where did this human girl get so many demon beasts? And they were strange-shaped demon beasts that they had never seen before!

Could it be that she wasn't a human? That she was a demon beast that turned into a spirit?

The fanged bloodthirsty bears wanted to run, but their legs were a little weak and they couldn't take a step..

Buttface was dumbfounded!

Oh My God! This troublemaker was really a pervert. Where did she get so many high-level demon beasts? Was it the Lord who helped her tame Sheng Zun? So the Lord was seriously injured? The Lord really doted on this troublemaker, Sheng Zun!

Yun Chujiu didn't pay attention to the seven fanged bloodthirsty bears. She touched her nose and laughed dryly. "Dear babies, I'm so sorry. I came out in a hurry and forgot to send you back!

"However, the fallen God Abyss hasn't closed yet. You can return from the whirlpool in the lake. These pills will be my apology to you. "Of course, you can also follow me. I Won't mistreat you."

The ancient demonic beasts looked at each other and decided to return to the fallen God Abyss. Because even if they thought Hei Xinjiu was not bad, nothing was more important than freedom. Moreover, they were more used to living in the fallen God Abyss.

Hence, after Hei Xinjiu established a temporary contract with the seven fanged bloodthirsty bears, the ancient beasts returned to the fallen God Abyss.
