

## The Yun Family's Ninth Child is an Imp! Chapter 3064

Ao Ji then looked at Yun Chujiu's spiritual power level. She was only at the eighth level of the Lingxuan realm, so it was unlikely that she was a spy. Besides, no spy would send such an eye-catching spy.

Just as Ao Ji was thinking, he saw a burning gaze staring at him. He looked up and saw that ugly freak drooling while staring at him.

Ao Ji almost vomited when he saw this scene!

"Alright, you can leave now! Don't barge into the nightmare ancestor's land again in the future, or else I'll kill you without mercy," Ao Ji said coldly.

The reason why Ao Ji was so easy to talk to was firstly because he really did not think that Hei Xinjiu was a spy. Secondly, although Ao Ji had obtained victory in the internal strife of the nightmare clan this time, he also wanted to repair the impression that the people of the nightmare clan had of him due to the damage to his reputation from the rumors previously.

When Hei Xinjiu heard Ao Ji's words, she was overjoyed. However, she still pretended to be reluctant to part with him, bowed and walked out.

"Where did this ugly freak come from? ! How dare she trespass into the land of the Yan ancestor. She is really audacious. Men, kill her!" A sharp female voice said.

Hei Xinjiu was furious!

It was this Princess Pian Pian again! She was simply a jinx. Nothing good would happen to her!

Princess Pian Pian's guards were about to go forward and capture Yun chujiu when Yun Chujiu's eyes flashed and she ran to Ao Ji's side. "Your Highness, save me!"

This fellow knew that the only one who could save her now was Ao ji. Otherwise, Princess Pian Pian would definitely kill her.

Ao Ji frowned. "Pian Pian, why are you here?"

"Brother Crown Prince, I missed you! That's why I came to see you. Who is this ugly freak?" Princess Pian Pian asked as she held onto Ao Ji's arm.

Ao Ji calmly shook off Princess Pian Pian's arm, he said coldly, "She's just a commoner! Pian Pian, our wedding is in a month's time. You should properly prepare for marriage in the manor. What are you doing here? ! Why aren't you going back? !"

Seeing Ao Ji's gloomy face, Princess Pian Pian didn't dare to say anything more. Instead, she glared at Yun Chujiu viciously. She thought to herself, "It's all because of this ugly freak. When the crown prince leaves, I'll definitely kill this B \* Tch."

Hei Xinjiu was so smart! She immediately saw through Princess Pian Pian's plan. Moreover, she could roughly figure out Ao Ji's intention of bribing people.

Therefore, after Princess Pian Pian left, this guy sat down on the ground with an "Oh" sound, as if he was overly frightened.

Hei Xinjiu had a good plan. She felt that since Ao ji wanted to buy people's hearts, he would definitely send someone to escort her home. This way, she could avoid Princess Pian Pian's vicious hand. Then, she would find an opportunity to leave the poisonous miasma forest.

"This lady is too frightened. Let's bring her back to the Crown Prince's residence first!" Ao Ji said after some thought.

Hei Xinjiu: "..."

Damn it, bringing a lady back to the residence at the slightest disagreement. Aren't you afraid of that Little B \* Tch beating you up?

It just so happened that she had said that she loved Ao ji. If she insisted on not going now, it might arouse suspicion. Therefore, she could only pretend to be extremely happy and was brought to the Crown Prince's residence miserably.

When Princess Pian Pian heard the news, she was so angry that she gritted her teeth. Although that ugly freak was ugly, for some reason, she felt uneasy. No, she had to think of a way to kill her!

After Hei Xinjiu was brought to the Crown Prince's residence, it caused a sensation!

The crown prince actually brought a woman back!

And it was an ugly freak!

My God, has the crown prince's taste been distorted to this extent?
