

The Yun Family's Ninth Child is an Imp! Chapter 3066

Housekeeper Luan was already dissatisfied with Princess Pian Pian. Now that she saw how pitiful Yun Chujiu sounded, she felt a little sympathetic and sighed:

“Alright, I’ll get someone to bring you out from the back door. You can come back when the crown prince returns.”

Hei Xinjiu was naturally very grateful. Housekeeper Luan arranged two maids to accompany Hei Xinjiu out of the back door.

Hei Xinjiu was overjoyed. Later, she would find an excuse to get rid of these two maids so that she could leap freely in the sea and fly freely in the sky!

Hei xinjiu blinked her eyes. “My two sisters, thank you for taking care of me these past few days. I can’t thank you enough. Let’s go and take a look around the silk store. I’ll give you two sisters a few sets of clothes as a token of my gratitude.”

The two handmaidens declined, but they could not hide their smiles and accompanied Hei Xinjiu to the satin shop.

The reason why Hei Xinjiu chose the satin shop was to use the two handmaidens to try on the clothes so that she could get away. When the time came, she would wipe her eyebrows and red lips and make sure that no one would recognize her. It was flawless!

In her heart, she had already started to draw a beautiful blueprint for returning to the Hunyuan sect. She was now a great hero of the human race, and she was also the leader of the unaffiliated cultivator alliance. Who would not praise her a little..

Hei Xinjiu’s thoughts were pretty good. She didn’t expect to meet Ao Ji who had just returned from the imperial palace before she even entered the Satin House.

Ao Ji's face was gloomy. The father of the Jie family, Princess Pian Pian's father, Prince Ankang, was becoming more and more arrogant.

When the four aristocratic families were divided, the Empress had helped her mother's family speak up for them. The Prince Ankang's estate had indeed gained a lot of power.

Originally, this was not a big deal. After all, Princess Pian Pian was about to marry Ao ji. It could be considered as keeping the benefits to herself.

However, King Ankang was becoming more and more arrogant. Today, during the meeting, he took advantage of his seniority to scold Ao ji.

Ao Ji was proud and arrogant, so his mood was naturally not much better.

When the commander of the guards beside Ao ji saw that his master was in a bad mood, in order to divert his attention, he pointed at Yun chujiu and said, "Your Highness, Look, isn't that ye Xiaoxiao?"

Ao Ji looked in the direction of the commander of the guards. At this moment, Yun Chujiu was in the Satin Manor, beaming with delight as she persuaded the two maids to pick their clothes. Her eyes were lively. Although she still looked ugly, she was somewhat playful and cute.

Ao Ji felt that he must have seen a ghost!

He actually thought that ugly freak was playful and cute? He must have been muddled by King Ankang's anger!

However, why was this ugly girl with the maid of the Crown Prince's residence?

Ao Ji strolled into the Satin Manor. “Why are you here? Does your family live nearby?”

Hei Xinjiu did not expect to meet Ao Ji so unluckily. She was stunned at first, but before she could speak, one of the Maids said respectfully,

“Your Highness, Princess Pian Pian is in our residence and seems to be looking for trouble with Miss Ye. Miss Ye is afraid, so she was escorted out of the back door by the two servants.”

After saying that, the maid even looked at Hei Xinjiu in a flattering manner, implying that she was helping Hei Xinjiu so that Hei Xinjiu would not be embarrassed to tell on her.

Hei Xinjiu’s heart was like a dog that had been bawled! You are not helping at all!

This fellow hurriedly said, “Your Highness, thank you for taking care of me these few days. I’m fine now. I’ll take my leave now.”

After saying that, hei xinjiu was about to turn around and leave.

Before the guy took a few steps, he heard ao ji say, “Wait! Aren’t You in love with me? If that’s the case, I’ll ask you to be the crown prince’s side concubine after I return to the mansion!”

Hei Xinjiu staggered and almost fell to the ground!

Holy shit! Ask her to be the crown prince’s side concubine? is Ao Ji Crazy?
