

The Yun Family's Ninth Child is an Imp! Chapter 3067

"Your Highness, are you joking? I know, you must be joking. Well, I'll take my leave now."

Hei Xinjiu was about to run away after saying that. What kind of Bullsh * T side concubine was that. ! If the gigolo found out about this, he would definitely kill her.

Unfortunately, the Crown Prince's guards had already blocked her way. There was no way for her to escape.

Ao Ji frowned and looked at Hei Xinjiu maliciously. "What I said is true. You said that you adored me before, and now you want to escape. What are your intentions?"

Hei Xinjiu's lowered eyes were filled with frustration. But now, the enemy was stronger and she was weaker. She could only take one step at a time.

Therefore.., she said shyly, "Your Highness, you... you really didn't lie to me? I, I can't believe that it's true! "How, how can I be the princess consort of the Yan clan's crown prince? "I'm so happy that I'm about to faint!"

Hei Xinjiu said and even winked at Ao ji. Yes, she rolled her eyes.

Ao Ji was disgusted by the winking, but when he remembered his purpose, he still said, "In that case, follow me back to the residence."

Hei Xinjiu agreed and followed Ao ji back to the Crown Prince's residence.

Hei Xinjiu really could not understand why ao Ji wanted to marry her as a side concubine of the crown prince. True Love was definitely impossible. What was his purpose?

As soon as Ao Ji entered the Crown Prince's residence, a guard came to report, "Your Highness, Princess Pian Pian is beating and smashing Mo Lanxuan. Butler Luan could not stop her and was planning to send me to find you."

Ao Ji's expression immediately became extremely gloomy. Previously, although he felt that this cousin was arrogant and willful, he could still tolerate it. Now, she had become like her father who did not know how to restrain himself. It was really detestable to the extreme!

As Ao ji thought of this, he glanced at the ugly girl behind him. He could use this ugly girl to teach her a lesson.

As Ao ji thought of this, he walked to Mo Lanxuan.

Before he reached Mo Lanxuan, he heard Princess Pian Pian's sharp voice from afar, "Smash! Smash! Smash that slut out! She actually dares to live next door to brother Crown Prince. I must kill her today!"

"Who do you want to kill?" Ao Ji said coldly.

Princess Pian Pian turned around and saw Ao ji. She immediately smiled, but when she saw Hei Xinjiu behind Ao ji, her expression instantly became ferocious.

"Brother Crown Prince, you, why are you with that slut?!"

Ao ji snorted coldly, "Why can't I Be with her? I've decided to make her a side concubine of the Crown Prince."

"What? ! A side concubine of the Crown Prince? No, I don't believe it. Why would you like such an ugly freak? !" Princess Pian Pian roared in disbelief.

“Although Xiaoxiao looks ordinary, she is gentle and virtuous. I have made up my mind. Don’t say more! If you still don’t know how to restrain yourself, I will marry Xiaoxiao and make her my princess consort. Guards, send the guest out!” Ao Ji said coldly.

Princess Pian Pian almost collapsed on the ground. What? The crown prince actually said that he would make that ugly freak his princess consort? Then, what about her?

Princess Pian Pian looked at Hei Xinjiu viciously and pounced on her like a crazy person. “B * Tch! It’s all your fault! I’m going to kill you!”

Hei Xinjiu was not stupid, so she naturally would not wait to be beaten up. In a flash, she hid behind Ao Ji.

Ao Ji looked at the Crazy Princess Pian Pian and raised his hand in disgust. He directly pushed Princess Pian Pian to the side. “What are you still standing there for? ! Send the guests out!”
