

## The Yun Family's Ninth Child is an Imp! Chapter 3068

Housekeeper Luan quickly ordered his maids to drag princess Pian Pian out. He had long disliked this princess pian pian!

This princess Pian Pian was still passable in the past. Ever since King Ankang took power, she had become more and more arrogant! She was really inferior to miss ye. At least, Miss Ye was always smiling at everyone. Yes, although her smile was quite scary.

Hei xinjiu saw that Princess Pian Pian was defeated, and she gloated in her heart. She deserved it! If not for this Princess Pian Pian, she would have returned to the Chaos Origin sect to show off.

Ao Ji was obviously not in a good mood. He glanced at HEI xinjiu and said coldly, "Since I've said that I'll make you the Crown Prince's side concubine, you should stay in the manor obediently. If I find out that you have any other intentions, HMPH!"

"Yes, commoner girl. Commoner girl will definitely keep her duties and wait for the day of marriage." After Hei Xinjiu said that, she parted her big red lips and gave Ao ji a flirtatious look.

Ao Ji said a few words perfunctorily and then left in a hurry!

He had already decided that even if he married this ugly girl in the future, he would not get close to her. Such an ugly freak really could not bring himself to say anything.

However, that ugly girl's eyes were very intelligent. What a pity for those eyes! However, why did he feel that those eyes looked somewhat familiar?

Forget it. Why did he feel that the ugly girl looked familiar? He must have been thinking too much.

After Ao Ji Left, housekeeper Luan smiled and said to Yun chujiu, "Miss Ye, Congratulations."

The rest of the servants also expressed their congratulations to Hei Xinjiu. Hei Xinjiu's heart was like a dog crying, but she could only pretend to be happy and even gave everyone some nightmare stones.

In the next few days, Hei Xinjiu obtained some information and could basically figure out Ao Ji's intentions.

Firstly, Ao Ji was dissatisfied with King Ankang's father and daughter's arrogance and wanted to teach them a lesson.

Secondly, he wanted to win the hearts of the people. As the crown prince, he had married a commoner as the crown prince's consort. Moreover, she was an ugly woman. Naturally, he would gain some good impressions.

Hei xinjiu sneered in her heart. Great Aunt was not a tool that you could use. Not to mention the crown prince's side consort, even the crown prince's consort was not of interest to her.

Hei Xinjiu decided to find an opportunity to escape. She had already chosen the day to escape. That day would be the day of Ao Ji and Princess Pian Pian's wedding.

That day, Ao Ji and the others would definitely go to the land of the Yan ancestor to pay their respects to the ancestors. The guards of the Crown Prince's residence would be lax, and she would have a chance to escape from the Crown Prince's residence.

Thus, in the following days, Hei Xinjiu lived in the Crown Prince's residence with good food and drinks.

In the beginning, Ao Ji would ask Hei Xinjiu about her movements. Later, when he saw that she was completely in high spirits, he did not pay any attention to her.

Princess Pian Pian wanted to cause trouble for Hei Xinjiu, but she was afraid of angering Ao ji, so she made up her mind. When she became the crown prince's consort, she would teach that B \* tch a good lesson! Want to be the Crown Prince's side consort? Dream On!

Finally, the day of the wedding arrived.

Hei Xinjiu knocked the two maids to the ground and adjusted the level of her spiritual power to the first layer of the spiritual void tier. She changed into one of the maid's clothes, removed the makeup on her eyebrows and bright red lips, and then carefully left Mo Lanxuan.

The people of the Crown Prince's mansion were busy preparing for the wedding banquet in the evening, so no one paid attention to HEI xinjiu who had passed by in a hurry.

Hei Xinjiu slipped to the back door, quietly knocked over the guards, and then escaped from the Crown Prince's mansion.

Hei Xinjiu learned her lesson from the previous time and did not dare to delay any longer. She quickly left the imperial city.

This guy kept changing his clothes and spiritual power level along the way. In half a day's time, he would be able to reach the poisonous miasma area.

Hei Xinjiu finally let out a sigh of relief. As long as she arrived at the poisonous miasma area, she would not be afraid even if Ao Ji caught up with her.
