

The Yun Family's Ninth Child is an Imp! Chapter 3072

Hei Xinjiu pondered for a moment. Right now, her spiritual power was too low. If she went directly to the killing Yuan sect to show off, there was a high chance that she would not have a good ending. Therefore, she had to go and check on the situation first.

Therefore, this guy did not return to the mixed Yuan sect. Instead, he ran straight to the killing Yuan sect.

After going through so many things, this guy became much more cautious. When he reached the entrance of the killing Yuan sect, he finally told an Linchuan and the others that she was still alive.

As for Jin Zhi and ye Bingyu, they had already learned from an Feng that she was safe and sound.

Therefore, when the disciples guarding the gate of the murder essence sect saw Hei Xinjiu, it was as if they had seen a ghost!

“Bad, bad news bag, you, you’re still alive?” One of the disciples said with his eyes wide open.

Hei Xinjiu curled her lips. “Of course I’m still alive, and I’m still living quite well! “I, the great hero who fought against the Yan clan, have returned. Why aren’t you guys going in to deliver the letter? “It’s fine if Master Xiahou doesn’t welcome me. At the very least, he should send a few peak masters to welcome me, right?”

The corners of the eyes of the disciples guarding the mountain gate twitched. However, they still used their identity jade tokens to send a message to the upper echelons of the murderous origin sect.

At this moment, the meeting hall was filled with a tense atmosphere.

Master Xiahou sat on the main seat, and an old man sat on his left hand. It was Murong Hanlie.

His face was cold and ruthless, and the pressure he released made everyone present uncomfortable.

“Master Xiahou, we’ve already been here for more than half a month. You’ve been dragging this out. When are you going to give us an answer?”

Master Xiahou was actually feeling a little conflicted. It was fine if he didn’t want to be the sect master himself, and this Murong Hanlie did indeed have a reason to take back the position of sect master.

However, he didn’t represent himself alone. He represented the entire murderous origin sect. It was impossible for him to easily hand over such a large sect to someone who suddenly appeared.

Moreover, after these few days of open and secret investigations, he discovered that the people Murong Hanlie brought with him had ill intentions. In less than half a month, many bad rumors had already spread.

For example, they had used their spiritual power and seniority to oppress the disciples of the murderous origin sect, and even molested female disciples. If they were to gain power, the murderous origin sect would probably be ruined beyond recognition.

However, Murong Hanlie had used his seniority and so-called orthodoxy to force him to express his stance as soon as possible. It had practically caused his hair to turn white from worry!

Master Xiahou now felt that even when Yun Chujiu, that bad news bag, was still around, he had never been so worried. Now that he thought about it, at that time, he was still a little blissful!

Unfortunately, that little girl had been captured by the Yan clan and there was still no news of her. She was most likely dead. It was really a pity.

When Master Xiahou heard Murong Hanlie's aggressive question, he could only say with a smile, "Martial uncle, the change of master is not a small matter. We need to take a long time to think about it. Please wait a few more days."

"HMPH! Senior martial brother Xia Hou, it's not that my words are harsh, but what's the Big Deal? Isn't it just that you don't want to give up the position of Sect Master?"?

"My master said that as long as you give up the position of sect master, he will let you be the deputy sect master. What's there to be dissatisfied about?"? The one who spoke was Murong Hanlie's disciple, Wen Qianchuan.

Master Xiahou and the others were unhappy when they heard Wen Qianchuan's words. Mountain Master Zhao had a fiery temper, they immediately said: "Junior Martial Brother Wen, this is such a big matter. There's nothing wrong with US discussing it for a few more days, right? Are we going to give up the position of Sect Master Now?"
