

## The Yun Family's Ninth Child is an Imp! Chapter 3074

Leng Kui, an Linchuan and Shangguan Hao had also tried to sneak into the Yan clan camp to save Yun Chujiu, but they were discovered by Mountain Master Zhuo and the others. In the end, they were escorted back to the sect.

Therefore, these days, Leng Kui had been living in self-blame and guilt.

“Vice Alliance Master Leng Datu, are you stupid? Why aren't you saying anything?” Hei Xinjiu tilted her head and said with a smile.

Leng datu instantly fed Leng Kui's excitement to the dogs!

Leng Kui glared at her. “Humph! You are just a busboy. It's already good enough that I came to pick you up! The sect leader asked me to bring you to the meeting hall.”

Hei Xinjiu curled her lips. “Although I am just a little busboy, I have made great contributions! If it weren't for me, the Nightmare clan might have already conquered the vast Gobi Desert!”

Although Leng Kui knew that what Hei Xinjiu said was true, he also knew that this fellow was giving him a hard time, so he didn't say anything and just let Hei Xinjiu Grumble about her great achievements along the way.

When they were about to reach the meeting hall., leng kui instructed, “Murong Hanlie's people are vicious and merciless. You should restrain yourself later. Otherwise, my master might not be able to protect you. After all, Murong Hanlie's seniority is one generation higher than my master's.”

Hei xinjiu blinked her eyes and said in a low voice, “Senior brother Leng Kui, do you hate those people very much?”

Leng Kui snorted coldly, which was a tacit agreement.

“Senior brother Leng Kui, this is your fault! Murong Hanlie is a legitimate direct descendant. Isn’t it reasonable for him to come back for the position of the sect leader?” Hei Xinjiu said with a smile.

“You! Humph! You ingrate! My master has protected you so many times, and you are actually helping others!” Leng Kui glared at Hei Xinjiu angrily.

Hei xinjiu bared her little white teeth: “Senior brother Leng Kui, what are you so anxious for? ! I’m joking with you! I Don’t care whether he is a direct descendant or not, even if Patriarch Hongyuan is resurrected from the dead, the sect master of the murderous origin sect is not his place.”

Leng Kui was so scared that he almost sat on the ground when he saw Yun chujiu saying such outrageous words. He was both angry and scared. “Shut up! Don’t spout nonsense! I’m warning you. Behave yourself when you enter the meeting hall later.”

The corner of Hei Xinjiu’s mouth curled up slightly. “Don’t worry, I will behave myself. After all, I have always been obedient and won’t cause any trouble.”

Leng Kui was even more anxious when he heard what she said. The more pretentious this fellow was, the more ill-intentioned he was. If she really made a fuss, the more chaotic the murderous origin sect would be!

Leng Kui wanted to persuade her again, but he didn’t expect Hei Xinjiu to have already rushed into the meeting hall, so he could only run after her.

“Sect master! Peak Masters, Little Jiu, I’m Back! I heard a rumor on the way that you’re going to give up the position of sect master to me because of me saving the human race. Is that true?” Hei Xinjiu asked crisply.

The Meeting Hall was dead silent. Everyone was dumbfounded.

Leng Kui, who had just stepped into the meeting hall with one foot, almost sat on the ground. No wonder this troublemaker said that even if Patriarch Hongyuan came back from the dead, he would not be the sect master of the murderous origin sect. So she wanted to be the sect master of the murderous origin sect?

Master Xiahou felt that it was not bad to give up the position of the sect master. Even if he gave up the position of the sect master to this troublemaker, it would be better than giving it to Murong Hanlie. Therefore, he coughed and said,

“I did plan to do so, but something unexpected has happened. We will talk about this later. That is senior Murong, my martial uncle. Why Don’t you go and pay your respects?”
