

The Yun Family's Ninth Child is an Imp! Chapter 3080

Qu Shanshan hated Yun Chujiu to death. However, firstly, she did not have the chance to take revenge. Secondly, Yun Chujiu was getting more and more popular, so she did not dare to directly go against her.

These few days, when she heard that Yun Chujiu had angered Wen Qianchuan and the others, she immediately gloated over Yun Chujiu's misfortune. She felt that Yun Chujiu's good days had come to an end!

Qu Shanshan's older brother, Qu Quan, was the personal disciple of mountain master Ren of the Wood Peak. In the past, he was highly regarded. However, ever since the "Assassination" incident last time, Mountain Master Ren had not treated Qu Quan as he used to.

Moreover, in this war between the human race and the Yan Race, Qu Quan's name was originally there, but Qu Quan found an excuse not to go. Mountain Master Ren was even more disappointed in Qu Quan.

Qu Quan's thoughts were mysterious. He felt that if this continued, he might not be able to maintain his position as a successor disciple, so he had to find a new backer.

The arrival of Murong Hanlie and the others this time instantly gave him hope. He felt that in the end, the Shi Yuan sect would definitely fall into Murong Hanlie's hands.

Therefore, not only did he often go to Wen Qianchuan and the others to curry favor with them, but he also brought Qu Shanshan along to do so.

Because the Qu siblings were somewhat useful, Wen Qianchuan was also quite nice to the Qu siblings.

The Qu siblings had often fanned the flames in front of Wen Qianchuan. Moreover, Yun Chujiu had already offended Wen Qianchuan, so today, Wen Qianchuan had set up a trap, waiting for Yun chujiu to take the bait.

When Qu Shanshan thought of Yun Chujiu's ending, the pride in her eyes could not be hidden any longer, she urged, "Yun Chujiu, are your ears not working or something? Did you hear what I Said? Senior Wen wants you to hurry over."

"I'm not going! Get lost!" Hei Xinjiu shut the door with a bang. She was not stupid. Wen Qianchuan was definitely not looking for her. She was not going!

Even in her dreams, Qu Shanshan did not expect such an outcome. She shouted in exasperation, "How dare you not go when Senior Wen asked you to? Aren't you afraid that senior Wen will report you to the sect leader?"

Hei xinjiu snorted coldly in the courtyard, "Don't drag me down with you! You are a disciple of the murderous Yuan sect, not Wen Qianchuan's lackey. Get lost! If you don't leave now, I will use the talisman to blow you into a curly chicken!"

Qu Shanshan was so angry that she almost died. However, when she thought about how Hei Xinjiu could do anything, she left in a huff.

Hei Xinjiu rolled her eyes. There was a high chance that Wen Qianchuan would not let the matter rest. He might even come and find fault with her personally.

Hei xinjiu snorted coldly. It was fine if he did not come. If he did, she would teach him a lesson so that her da hua could make an appearance.

Speaking of which, although its da Hua was very brave, it hadn't been shown in front of these people yet. It was a good opportunity to establish its power, so that it wouldn't think that a small handyman like her was easy to provoke.

After a while, as expected, Qu Shanshan's proud shout came from outside the door, "Yun Chujiu, senior Wen is here. Why aren't you going out to greet him?"

Hei Xinjiu curled her lips. Judging from Wen Qianchuan's unrestrained behavior, it was impossible for them to get the position of the sect leader.

Outside, Qu Shanshan shouted when she saw Yun chujiu, "Yun Chujiu, I know you're inside. If you don't come out now, I'll break in!"

Yun chujiu said coldly, "Qu Shanshan, if you dare to break my door, I'll break your leg. If you don't believe me, you can try."

Hearing Yun Chujiu's threat, qu Shanshan was terrified. Wen Qianchuan snorted and smashed Hei Xinjiu's door into pieces. Seeing the situation inside, Wen Qianchuan and the others were stunned on the spot..
