

The Yun Family's Ninth Child is an Imp! Chapter 3088

“The root of this matter is Patriarch Hongyuan’s eldest disciple, Ji Qian. Because Patriarch Hongyuan said that he would pass the position of sect master to him, Murong Hanlie and the others came to find trouble with him.

“Let’s get rid of this unstable factor completely. Then we won’t have to worry about people coming over to make trouble again.” Hei Xinjiu’s eyes flashed with cunning.

“How do we get rid of it?” Everyone asked in puzzlement.

“It’s very simple! Change the sect’s will. Just say that Ji Qian defected to the sect back then. It’s just that the murderous origin sect was afraid of losing face, so they never made it public.

“In addition, the murderous origin sect is a super large sect. For the sake of the peace, stability, Unity, and unity of the immortal essence continent, they didn’t pursue the crimes of those people from the sea of ten thousand ruins. Otherwise, they would all be the disciples and grand-disciples of sinners., they should all be killed!” Hei Xinjiu said faintly.

Master Xiahou and the others were immediately dumbstruck. Their faces were filled with bewilderment and bewilderment!

Heavens!

This little girl was too ruthless!

This idea was simply lacking eight lifetimes of virtue!

No wonder the nightmare clan had allowed her to stir up internal strife. With such a bad thing, offending her was simply courting death!

Master Xiahou asked weakly, "Little Nine, isn't this... isn't this a bit too much? After all, Ji Qian did not defect to the sect."

Yun chujiu snorted coldly. "Master, don't blame me for my harsh words. If you don't prove Ji Qian's crime, not only you, but also your previous master and your future successor will be criticized by the world. They will say that you are a bunch of crooks occupying a magpie's nest. Don't you understand that if you die, your fellow Daoist won't die?"?

Moreover, that Ji Qian was obviously not a good person. Why didn't he return to the origin killing sect? It was either because the position of sect master had been taken by Grandmaster Zhuang, and he felt indignant. Or it was because he thought he had a better choice, and that was why he did not return to the origin-killing sect.

"Grandmaster Zhuang's position as sect master was not obtained through insidious means. It was recommended by everyone. You have to have the confidence to do so. People's opinions can change. Who knows, maybe Patriarch Hongyuan changed his mind later on."

Master Xiahou's expression changed a few times. He had to admit that what Yun Chujiu said made sense. He had to constantly suffer the consequences. For the sake of the future of the murderous origin sect, he could only be this evil person!

Thus, after some discussion, they decided to first kill Murong Hanlie and his disciple. The rest of them would be "Educated" and then released. After that, they would announce the "Truth of the matter".

If that was the case, the people of the sea of ten thousand ruins would be leaderless. In addition, the killing origin sect had already made preparations. Naturally, they would retreat.

After Hei Xinjiu left, master Xiahou let out a long sigh. "Ladies and gentlemen, our wrists are not as good as a little girl's. We are really getting old."

Everyone also sighed, but that was all they could do. Their wrists were good, their mouths were good, and their spiritual energy was weak. In front of absolute strength, all little tricks were useless.

Hei Xinjiu did not need to intervene in the following matters.

Although Murong Hanlie was powerful, this was still the territory of the origin killing sect. Even before his death, he did not understand that it was a foolproof plan. How could it fail?

Wen Qianchuan naturally could not escape his fate of death. However, Murong Hanlie's other followers were saved.

Master Xiahou threatened and comforted them. Those people had no choice but to agree with the statement of the origin murder sect. It was that Ji Qian had betrayed the origin murder sect because he was dissatisfied with Patriarch Hongyuan passing the position of sect master to Zhuang Mu Li.

With the signature and the recording stone as evidence, it was almost impossible for the people of the Sea of ten thousand ruins to reverse the confession!

The prime murder sect immediately released the "Evidence" to the world, and the people of the sea of myriad ruins were instantly dumbfounded. How did the orthodoxy that they had originally agreed upon turn into a traitor?
