

The Yun Family's Ninth Child is an Imp! Chapter 3093

Hei Xinjiu was so angry that she almost vomited blood!

Damn it, you are the Demon Beasts, your whole family is the demon beasts!

You are the illegitimate daughters, your whole family is the illegitimate daughters!

Are You Blind?

Can't you tell that she is fairy Xiao Jiu? !

Hei Xinjiu glared at those people angrily and realized that she was still in the mountain behind the Earth Peak. Behind her was the huge pit.

Before Hei Xinjiu had the time to deal with those disciples, she heard someone exclaim, "Oh my God! The Earth Pagoda has appeared again! Great! The Earth Pagoda has returned!"

Everyone's attention was focused on the Earth Pagoda. Hei xinjiu blinked her eyes. If she didn't leave now, when would she leave? Was she waiting to be ridiculed here?

Thus, this fellow ran forward with his two short legs.

Unfortunately, things didn't go as planned and they ran into Master Xiahou and the others not too far away.

After Yun Chujiu and the Earth Tower disappeared, peak master Lian searched around and found nothing. He then went to report to Master Xiahou, which was why Master Xiahou and the others came together.

Hei Xinjiu wished that she could become invisible, but it was hard not to be noticed with her current state. Mountain Master Zhao of Fire Peak saw little bean at first glance!

“Eh? Whose Child Is This? Why is she here?” Mountain Master Zhao shouted loudly.

Master Xiahou and the others saw a pretty little girl in front of them. She was only three or four years old and was very cute.

Hei xinjiu blinked her eyes and bowed to everyone. Her soft child voice said, “Greetings, sect master and Peak Masters. Chu Chu came out to play. I’ll be going home now. Goodbye!”

After saying that, hei xinjiu ran through the gaps of the crowd and disappeared without a trace.

Master Xiahou and the others looked at each other. They had never heard of such a girl doll in the killing Yuan sect. Which Peak was she from?

Peak master Mo of Water Mountain frowned. Why did he feel that the girl doll looked familiar? Especially the way she blinked her eyes was very familiar.

Peak Master Mo shook his head. Perhaps he had seen the little girl’s parents before, so he felt that she looked familiar.

At this moment, a disciple of Earth Mountain came over to report that Earth tower had appeared once again.

Everyone was overjoyed and temporarily put the matter of the little girl aside.

Peak Master Lian almost burst into tears when he saw the Earth tower that had been lost and recovered. Fortunately, Earth tower had returned. Otherwise, he would have been a sinner of the murderous Yuan sect!

While everyone was excited, they suddenly thought of a question!

Yun Chujiu had disappeared with the Earth Pagoda. If the Earth Pagoda had returned, where was Yun Chujiu? Could she be inside the Earth Pagoda?

However, the Earth Pagoda could only be opened with a jade token. How did she enter?

At this moment, peak master mo heard the disciples talking about the little girl. His heart moved and he asked, "What happened to the little girl you mentioned? How did she appear?"

"That girl seemed to have appeared out of thin air. We were just wondering if she had turned into a demon beast! eh? Where did she go?"The disciples were all talking at the same time.

When Peak Master Mo recalled the eyes and brows of the girl, he was instantly dumbfounded. Could it be that the girl was Yun Chujiu? This, how was this possible?

However, if she wasn't Yun Chujiu, why would she appear out of thin air? Moreover, why would a three or four-year-old girl be so calm when playing? And her movement technique was so fast?

The answer was obvious. That Girl was Yun Chujiu's bad news bag! What kind of trick was this?
