

The Yun Family's Ninth Child is an Imp! Chapter 3101

At this moment, Hei Xinjiu no longer had any spiritual power to release da Hua. Bolts of lightning struck her body one after another.

Wu Yun in the sky was very proud. This stinky girl had already exhausted all her tricks. She was about to die! Haha! It could finally avenge its previous humiliation. It could finally represent all the dark clouds to strike this stinky girl to death!

Hei Xinjiu's originally fair face was flushed red. It was obvious that she was about to reach her limit. She gritted her teeth and shouted coldly,

"Earth Tower, if you don't come out today, as long as I don't die today, I will chop you into pieces! If you don't believe me, Let's give it a try!"

After Yun Chujiu's harsh words were released, there was no movement. It was obvious that Earth tower was not worried about Hei Xinjiu's threat.

"Damn it! Come Out Now! Otherwise, I'll Pour Dog Blood on your tower and write 'Bastard Tower' on it!"

However, the Earth Tower still did not appear.

Yun Chujiu was discouraged!

It seemed that this damn earth tower was determined to help Wu Yun deal with her. It was really detestable! It was fine if she died today, but if she could live, she would definitely not spare the earth tower!

Hei Xinjiu looked at the jade plate hanging around her neck. Although the pretty boy was now very powerful, could he fight against Heavenly Thunder? If he was called here, would he be injured or lose his life?

Hei Xinjiu hesitated for a moment, but she did not crush the Jade Plate. She sat cross-legged on the ground and gritted her teeth to persevere.

“Master, curly hair asked you to let him out. He will help you carry him for a while,” Xiao Heiniaoh said with a complicated tone.

Xiao Heiniaoh had originally looked down on the Meng Yanshou, which was an external beast. Moreover, he could see that curly hair had his own plans. He was not sincere enough to be the black-hearted master’s spiritual pet.

However, he did not expect that he would take the initiative to help his master resist the heavenly lightning today. It made him look at him in a new light.

Hei Xinjiu quickly let the Meng Yanshou out and asked, “Curly hair, didn’t you say that the Heavenly Lightning Hurts?”

Meng Yanshou replied righteously, “Although it’s very painful, you can’t do anything to me. I can still help you withstand it for a while.”

In fact, this guy was afraid that if something really happened to Yun chujiu, di beiming would not let it off, so he braced himself and pretended to be a hero.

Hei Xinjiu did not know what Meng Yanshou was thinking and was extremely touched. “Curly hair, don’t worry. As long as I don’t die this time, I will definitely help you find the kind of storybook that you want to read about a man marrying a bunch of women.”

Meng Yanshou was so happy that he could not find his bearings!

He grinned and said, "Alright! Watch me! I will teach this damn Wu Yun a good lesson today! He actually dared to split you, Little Fairy. He is really tired of living!"

Wu Yun in the sky was a little dumbfounded. The thing that little girl summoned was... a wind-blade rabbit?

There was such a weak demonic beast in the immortal Yuan continent? What a joke!

Wu Yun, who was in the sky, saw that Yun Chujiu and the wind-blade rabbit were chattering, so he struck a bolt of lightning at Meng Yanshou.

Meng Yanshou's shell once again died gloriously. Half of his soul condensed into the appearance of Meng Yanshou. He pointed at Wu Yun in the sky and cursed, "Damn it! How dare you strike the Little Fairy? I'll curse you to death!"

Wu Yun was dumbfounded. What the hell was that? Why were there all sorts of evil things around this smelly girl?

However, no matter what the hell it was, just split it! Wasn't the giant purple pig from before also finished? Going against it would only lead to death!

Rumble!

Another bolt of lightning struck down towards the half-soul of the Meng Yanshou!
