

The Yun Family's Ninth Child is an Imp! Chapter 3103

The Pill in Yun Chujiu's hand disappeared with a swoosh. Apparently, it had been taken away by the Qi Ling of the Earth Tower.

Yun chujiu did not care about what the Qi Ling wanted the pill for. She seized the time to sort out the brutal power of thunder and lightning in her body.

Soon, an hour had passed. Hei Xinjiu was bounced out.

The dark clouds in the sky were hacking around crazily. When they saw Hei Xinjiu coming out, they all hacked at Hei xinjiu.

Hei Xinjiu curled her lips and said softly, "B * Stard Yun, if you still want to save your face, you'd better get lost! Otherwise, you'll be beaten up by me until you have nothing left to live for!"

Wu Yun didn't want to listen to her and continued hacking crazily.

When Hei Xinjiu couldn't take it anymore, she quickly let the Earth Tower put her in. When she had almost recovered, she came out to provoke Wu Yun again..

Wu Yun was so angry that it trembled, but there was nothing it could do. It knew that it could only return empty-handed today, so it floated away while trembling.

Hei Xinjiu let out a long sigh. She thought that she was going to die, but she did not expect the situation to turn for the better.

Hei xinjiu walked to the front of the Earth Tower and wanted to take the jade plate down from the groove, but she did not expect it to be sucked into the Earth Tower again.

Hei Xinjiu was puzzled. What was wrong with the Qi Ling of the earthen tower? Why did it bring her in again?

When Hei Xinjiu regained her sight, she found that she was in a stone hall. She looked around but did not find the Qi ling, so she could only say, "Hey, Qi Ling, What's the matter?"

Unfortunately, there was no response.

Hei xinjiu frowned and continued, "What's the matter? Come Out Now!"

There was still no response.

Hei Xinjiu was furious. She held the kitchen knife and shouted, "Speak your mind! If not, I will chop down the Taoist school myself!"

If others saw this scene, they would definitely find it hilarious. A little girl with a big kitchen knife in her hand. Although she said fierce words, it made people feel that she was very cute.

Of course, among these people, Qi Ling of the Earth Tower was not one of them.

"Humph! Come out when you come out, who's afraid of Who!" A voice that was even more childish than Hei Xinjiu said.

Seeing Qi Ling in front of her, Hei Xinjiu stumbled and almost collapsed on the ground.

A moment later, hei xinjiu giggled and almost burst into tears!

“Haha! Haha! You, you turned into a baby? You, you didn’t eat all the rejuvenation pills that I gave you, did you?”

Hei Xinjiu felt that it was a great relief!

There was a baby lying in front of her. It couldn’t even walk, and its saliva was dripping down. It was obviously teething.

The baby had an angry expression on its face, but no matter how it looked, it looked very cute!

“Stupid girl! It’s all your fault! Otherwise, how could I have become like this? ! It’s all your fault!” Qi Ling of the Earth Tower said at the top of his voice.

He originally wanted to become younger, but when he thought that Hei Xinjiu was much younger than him, he reckoned that one pill would not have any effect. Therefore, he swallowed the five rejuvenation pills that Hei Xinjiu gave him, and then.., he had become like this. He simply did not want to live anymore!

Hei Xinjiu finally stopped laughing. She kicked Qi Ling with her foot, and Qi Ling was instantly sent tumbling several times, hei xinjiu laughed happily. “You deserve it! This is karma! Don’t you know that I’m a wild goose that has plucked feathers? How dare you try to extort me? If you had let me in earlier, would you have become like this?”
