

The Yun Family's Ninth Child is an Imp! Chapter 3104

The tool spirit of the Earth Tower flew into a rage out of humiliation. Just as it was about to fly into a rage, it heard Hei Xinjiu say in a light voice, "Qi Ling, do you want to go against me?"

"You can send me to any floor, or you can trap me here until I die. Of course, I have a large kitchen knife, so I can build my own door.

However, if you want to stay like this forever, you can go against me! I Won't reject anyone! You're very welcome! Little Baby!"

Qi ling was so angry that he fainted!

Damn it! Damn it! Too Damn it! It knew that this damned girl wasn't someone to be trifled with. It shouldn't have made a deal with her for the sake of her old appearance. This was simply asking for the skin of a tiger! No, she was more ferocious than a tiger!

When Qi Ling woke up, he found that damned damned girl sitting on a small stool eating. Eat, eat, eat, this good-for-nothing! She still wanted to eat at this time!

"Hey, Little Baby, why are you staring at little sister? Do you want to eat too? Unfortunately, you only have two teeth. You Can't eat these! hahaha!"

Hei Xinjiu smiled brilliantly. She thought that she was miserable enough, but she didn't expect that the Qi Ling of the Earth Tower was even more miserable than her. She turned into a baby directly. hahaha!

Qi ling gritted her teeth. Well, she could still bite two teeth!

"Hurry up and give me the antidote so that I can return to my original appearance. Otherwise, I won't forgive you!"

Yun chujiu looked at the Qi Ling as if she was looking at an idiot. "First, your threat is ineffective against me. I'm worried about how to get in. I'm not worried about how to get out. I can use my kitchen knife to build a door at any time.

"Second, I don't have the antidote now. Do you think I won't eat it if I have it?"

"Third, I hate it when people threaten me. If you know what's good for you, get lost! "Miss, you haven't eaten your fill yet!"

Qi Ling couldn't do anything to Yun Chujiu. If it could turn back time, it wouldn't have invited the wolf into the house.

Finally, Hei Xinjiu was full, squatting beside Qi ling, she poked Qi Ling's little face with her finger. "TSK, tsk, you're still young! Hey, I'm not going to waste time with you. Give me all your treasures. I promise I'll send them to you after I've developed the antidote."

Qi Ling would rather die than surrender in the beginning. However, Hei Xinjiu did not care if Qi Ling was a baby or not. She did not show any mercy when she attacked Qi Ling, and Qi Ling quickly gave up.

Qi Ling took out a bunch of defensive spirit tools and gave them to Hei Xinjiu. However, Hei Xinjiu now felt that these defensive spirit tools were of little use, so she took care of Qi Ling again.

Qi Ling could only give Hei Xinjiu a jade token and a sheepskin scroll before Hei Xinjiu reluctantly let Qi Ling Go.

Before Hei Xinjiu left, Qi Ling begged with tears and snot, "Little Fairy, once you develop the antidote, you must send it to me as soon as possible!"

“Don’t worry! I will definitely miss you,” Hei Xinjiu said with a smile.

However, this fellow was thinking in his heart, ‘Dream On!’ ‘you dare to play with my little sister? I will torture you to death!’!

When Hei Xinjiu was teleported out of the Earth Tower, it was already sunny outside and the sky was clear! Other than the deep pits of different sizes on the ground, it was as if nothing had happened.

Master Xiahou and the others were waiting outside. When they saw Hei Xinjiu come out, they were ecstatic.

Hei xinjiu only said that she had hidden in the Earth Tower for a period of time and mentioned everything else. Everyone had a rough guess in their hearts, but they did not ask too much.

After Hei Xinjiu returned to the dormitory, she happily circled around a few times. Although it was very dangerous this time, she had reached the first level of ethereal space as she wished. It was really something to celebrate!

That night, while Hei Xinjiu was half-asleep, the door was pushed open. Di beiming stood at the door.

Their eyes met, and there was a strange silence..
