

The Yun Family's Ninth Child is an Imp! Chapter 3121

Yun chujiu cursed the Meng Yanshou in her heart a few more times, then, she said with a smile, "Of course you can. After we leave the meeting hall, we will find a suitable place to discuss the amount of compensation and return the clothes to you."

After hearing Yun Chujiu's words, the female disciple finally reacted. Those damned rabbits had stolen their inner clothes, so it was naturally not good to take them out in the meeting hall.

Thus, she nodded her head uncomfortably and agreed.

Yun Chujiu said some self-reproaching words to Master Xiahou. It was nothing more than polite words like not being strict in disciplining the spiritual pets and never repeating it again.

Master Xiahou nodded his head perfunctorily and also said a few words of admonishment. Then, he let everyone leave the meeting hall.

After Yun Chujiu reached an agreement with the female disciples to compensate them, she returned the inner garments to them. Then, she gritted her teeth and returned to the dormitory.

The moment she entered the courtyard, the Meng Yanshou pounced over. "Little Fairy, please change my outer shell! It's really awkward for a man like me to be inside a woman's outer shell!"

Yun Chujiu kicked the Meng Yanshou away. "Scram to the side, you pervert, you hoodlum, Rabbit!"

Seeing that Yun Chujiu was in a rage, the Meng Yanshou could only lower its head and remain silent. It could actually get the few rabbits to go to the back of the mountain to catch other demonic beasts, but it did not dare to do so.

Now, the Meng Yanshou had discovered that although this little girl's spiritual power was not high, she was black-hearted. Moreover, she was full of evil intentions. It was better not to offend her. Moreover, there was still that person behind her!

Yun chujiu scolded the few rabbits and warned them that if they continued to mess around with the Meng Yanshou, they would be turned into roasted rabbits.

The rabbits immediately lowered their heads and expressed their regret. They would definitely not get close to the bad guys.

The next morning, when Yun Chujiu was about to go to the library, Leng Kui arrived.

"Junior sister Jiu, the three-month period has ended. An Linchuan and Shangguan Hao are here to pick you up." Although Leng Kui's expression was normal, a hint of schadenfreude flashed in his eyes.

Although he felt that it was a little inappropriate, he was looking forward to it when he thought of the expression on an linchuan and Shangguan Hao's faces when they saw Yun chujiu turn into a little girl!

Yun Chujiu:"..."

"No! No! I'm not going back. I still have to stay in the origin-killing sect for the next three months." Hei Xinjiu shook her head like a rattle-drum, it was not easy for her to quell the rumors of the origin-killing sect, but she still had to go to the origin-killing sect to suffer? She was not going back!

"Cough Cough, junior sister Little Jiu, I'm afraid you can't not go back. It's said that Master Baili has given an Linchuan and Shangguan Hao his life. If they don't bring you back, they will be punished."

Yun chujiu cursed in her heart. Is Old Man Bai Li Sick? Didn't he wish that she would never go back? Why did he come to pick her up this time?

Hei Xinjiu thought about it. She had almost finished reading the books in the library of the murderous origin sect. It was okay to go back to the Hunyuan sect. She could go to the library to take a look.

Therefore, Hei Xinjiu rode on a giant rabbit and brought a bunch of rabbits out of the dormitory, heading to the mountain gate of the murderous origin sect.

An Linchuan and Shangguan Hao were anxiously waiting outside the main gate. They were so happy to hear that Yun Chujiu was safe and sound that they almost went crazy. If it weren't for the three-month deadline, they would have come to pick Yun chujiu up long ago.

Just as the two of them were stretching their necks to wait, they saw a giant rabbit jump out from inside. On top of it sat a little girl that was carved from Jade. Her big eyes were twinkling and she looked very cute.

However, the few that followed behind were... rabbits?
