

The Yun Family's Ninth Child is an Imp! Chapter 3126

The onlookers did not think that it was a big deal, so they immediately started to jeer and followed Liu Shun to the law enforcement office.

Manager Zhong had been very relaxed recently, but ever since he heard that Yun Chujiu had returned, his right eye had been twitching non-stop. He did not sleep well last night, and he always felt that since the bad news had come back, the law enforcement office would not be able to stop.

As soon as he saw the bruised and swollen Liu Shun and heard Yun Chujiu's name, he immediately felt his head buzzing.

It was over!

That bad news bag had indeed caused trouble again!

However, even if the crime was confirmed, there was no way to punish her!

Sect's resources? That little girl was so rich that she didn't even care about sect's resources.

Think over the cave? Emma, stop fooling around. Think over the cave was the ancestor's foundation. If it was destroyed by her hands, it would be terrible!

The meditation cave? Well, it had already collapsed!

Manager Zhong couldn't do anything about Yun Chujiu, so he blamed it on Liu Shun. He thought to himself, this idiot, why did he provoke that Evil Star for no reason? If she wants to go in, then go in! Why did he have to stop her? !

Wait, he said that Yun Chujiu didn't have the right to go to the second floor of the library building?

Manager Zhong looked at Liu Shun as if he was looking at an idiot. "Yun Chujiu is an inner disciple, why don't you let her go to the second floor of the library building?"

Liu Shun was stunned. "She... isn't she a handyman in the Big Kitchen?"

"Yesterday, the sect leader had already issued a document. In view of Yun Chujiu's great contributions in the Battle of the Yan clan, she was made an exception to become an inner disciple. It was just that she had not had the time to announce it.

"However, the information on her identity jade token has been changed. Didn't you see it?" Manager Zhong's tone carried a hint of ridicule.

Liu Shun was dumbfounded. He had not checked Yun Chujiu's identity information carefully at all. Who would have thought that Yun Chujiu had really been turned into an inner disciple? Then wouldn't he have been beaten up for nothing?

The surrounding crowd instantly exploded! That Yun Chujiu had actually been broken through and turned into an inner disciple?

Everyone had different reactions to this. Some thought that Yun Chujiu had made a contribution in the Battle of the Yan clan and it was natural for her to be turned into an inner disciple.

Some thought that no one knew what had happened during the Battle of the Nightmare Clan! Maybe it was just a rumor! Besides, it was a different matter. What right did Yun chujiu have to enjoy special privileges?

Liu Shun left the law enforcement office embarrassedly. When he returned to his courtyard, he found a person standing in the courtyard.

Liu Shun was about to open his mouth to speak when that person said coldly, “Do you want to take revenge? If you do, then do as I say. Don’t worry, after the matter is done, I won’t mistreat you.”

Liu Shun gritted his remaining teeth and nodded. “Of course I want to take revenge. I Can’t wait to tear that wretched girl into pieces! What do you want me to do?”

The man whispered a few words. Liu Shun hesitated for a moment and then nodded in agreement.

For a few days, Yun Chujiu had gone to the library early to read. She would only leave in the evening.

She had met Liu Shun a few times during this period. Yun chujiu did not make things difficult for him. Liu Shun acted as if nothing had happened and went through the procedures for Yun Chujiu to enter the second floor of the library as usual.

On this day, when Yun Chujiu arrived at the library, it was still Liu Shun who was on duty.

Liu Shun took Yun Chujiu’s identity jade token and registered it. Then, he handed Yun chujiu a jade token.

After Yun Chujiu took the jade token, she walked into the entrance of the library.

Liu Shun’s eyes revealed a trace of gloating. Yun Chujiu, this time, you’re dead for sure! This is all your fault, you B * Tch!
