

## The Yun Family's Ninth Child is an Imp! Chapter 3127

Meng Yanshou and the few rabbits were busy peeping at the female disciples bathing every day. They had learned their lesson this time and didn't steal the inner clothes, so they wouldn't be easily discovered.

However, they didn't peep at Ye Bingyu and Jin Zhi who were closest to Yun Chujiu's courtyard because, ahem, rabbits don't eat grass near their nests.

Jin Zhi and ye Bingyu were about to break through in the next few days, so they were in closed-door cultivation.

An Linchuan and Shangguan Hao had left the primordial chaos sect because they had been assigned a trial mission.

Therefore, after a few days, no one noticed that Yun Chujiu was missing.

It was not until Jin Zhi and ye Bingyu had successfully broken through and came over to report the good news to Yun chujiu that they realized that Yun Chujiu had not returned to her dormitory for a few days.

The two of them suddenly felt that something was not right. Even if Little Jiu was addicted to reading, it was not to the extent that she had not left the library for so many days. Moreover, the identity jade token and the voice transmission talisman could not contact her. Something must have happened!

Meng Yanshou was immediately dumbfounded!

It's over! It's over! If His Majesty knew that it was only concerned with peeping at the female disciple taking a bath and had let the black-hearted little girl fall into a dangerous situation, he would definitely not spare it!

Jin Zhi and ye Bingyu quickly found Master Baili. Although Master Baili felt that Yun chujiu should not be in any danger in the sect, he still sent people to search the sect.

After searching, they found an unbelievable fact. Yun chujiu did indeed enter the library, but she disappeared into thin air..

Jin Zhi and ye Bingyu almost searched the library, but they did not find any clues. Where exactly did little jiu go?

Although Liu Shun also cooperated with everyone to help find her, he laughed wildly in his heart. You guys go ahead and search. You'll never find her. She might have already died!

Several days passed in a row, but there was still no news of Yun Chujiu.

Master Baili and the others regretted it. If they had known this would happen, they wouldn't have brought her back. But now, she was nowhere to be found. Where exactly did she go?

Before the waves had subsided, another wave rose. The groups of disciples who had gone out for the trial returned one after another. However, they returned in a miserable state.

They had suffered heavy casualties from the attacks of the murderous Yuan School. Even an Linchuan and Shangguan Hao were severely injured. If they didn't have the talismans and chili noodles that Yun chujiu had given them, they might have lost their lives.

Master Baili and the others were furious!

The primordial murder sect was really going too far! Although the two sects had not been on good terms, they were only fighting for benefits and did not directly hurt anyone.

Now, the primordial murder sect had openly killed the disciples of the primordial murder sect. It was intolerable and they had to seek justice!

Before the primordial murder sect could make a move, master Xiahou of the primordial murder sect came to kill them!

“Bai Li Yin, you don’t deserve to be a human! Your Chaos Origin sect actually killed dozens of our killing origin sect disciples, what are you trying to do?”

Master Baili almost lost his breath! He cursed angrily, “Xiahou Lin, you are the villain who sued first, distorting the truth! It was clearly your killing origin sect that killed our chaos origin sect disciples, and you still have the face to accuse us?”

Both sides argued endlessly, and there were witnesses and evidence. The relationship between the two sects became tense.

At this moment, the disciples of the murderous Yuan sect were assassinated one after another, and the four grand elders of the murderous Yuan sect were all poisoned. The mastermind directly pointed the finger at the murderous Yuan sect.

The last bit of rationality of the people of the murderous Yuan sect was crushed. Master Xiahou officially issued a letter of challenge to the murderous Yuan sect, and both sides officially started a war.
