

## The Yun Family's Ninth Child is an Imp! Chapter 3130

Master Baili and Master Xiahou let out a long sigh. Then, their faces turned ashen. This Yun Chujiu was going to fly into the sky!

F\*ck, alright, she's floating in the Sky Now!

The two of them gritted their teeth and looked at Hei Xinjiu in the sky almost at the same time.

"Yun Chujiu, how dare you lie to us? ! What are your intentions? !"

Yun chujiu said unhurriedly, "Are you angry? Why do you sound like you want what I said to be true? Do you want the Divine Devil Hall to occupy the chaos origin sect and the killing origin sect?"

Master Baili and Master Xiahou were insulted. Of course, they did not mean it that way. They were only tricked by Hei Xinjiu for a moment.

"Alright, you guys should hurry back to your respective sects now. Otherwise, what I said will immediately become true! You guys aren't three-year-old children. Can't you see the tricks behind it?"

Little Baili, Little Xia Hou, you guys can be considered to have known each other for many years. Don't you know each other? Would either of you make such a stupid decision to kill each other's disciples?

As long as the primordial murder sect and the Primordial Chaos sect went to war, there would be no absolute victory between the two of you, only mutual destruction!

I don't have time to talk nonsense with you now. Little Baili and Little Xia Hou, you can stay. I have something to tell you. The rest of you, quickly scam back to your respective sects!

If you continue to Dawdle, you will be the sinners of the primordial chaos sect and the primordial murder sect, the sinners of the immortal origin continent! The Sinners of the human race! Hurry up and SCRAM!

Whoever finds a F \* cking reason not to go back now, or insists that the other party is the murderer, blah, blah, blah, he is a spy of the Divine Devil Hall! I will kill him now!” Yun Chujiu’s little face was as cold as ice, her eyes were full of murderous intent.

Everyone was somewhat dumbfounded!

Firstly, they were shocked by the content of Yun Chujiu’s words, and secondly, it was because of Yun Chujiu’s high and mighty tone, Little Bai Li? Little Xia Hou? What kind of pretense was she putting on?

Yun Chujiu gave Alliance Master Yan a look. Alliance Master Yan nodded his head in confusion and quickly came forward to say:

“Two sect masters, what little jiu said makes sense! No matter what, you should let your people return to the sect first. Even if you want to fight to the death, it doesn’t have to be today. If you really let the Divine Devil Hall take advantage of it, that would be terrible!”

In fact, when Master Baili and Master Xiahou had been persuaded by Alliance Master Yan, they had already wavered.

They were not fools. They always felt that the recent events were somewhat inexplicable. However, there were too many voices calling for a fight around them. In addition to the long-standing grudges, they had braced themselves to fight.

The two of them looked at each other and snorted coldly. They ordered to return to the sect first.

“Wait! Martial nephew Xiahou, don’t tell me that you’ve been persuaded by this little girl with just a few words? Not only did the primordial chaos sect kill hundreds of our disciples, they also poisoned the four of us. Are we just going to let it go?”

“Are we going to swallow our anger and swallow our anger? Are we going to return with our tails between our legs?”

Master Xiahou looked at the person who spoke with a troubled expression and said, “Martial Uncle Gui Yi, although Yun Chujiu’s attitude isn’t good, she’s right. If the Divine Devil Hall takes advantage of this, we are simply the sinner of the primordial chaos sect.

“As for the primordial chaos sect, there will be plenty of time in the future. We will not let this matter go so easily. Sooner or later, we will seek justice.”

Elder Gui Yi snorted, “There will be plenty of time in the future?” “If we go back like this, there is no guarantee that our disciples will not be assassinated again. Moreover, that wretched girl is not from the Divine Devil Hall. She said that the Divine Devil Hall will take advantage of the situation and take advantage of it?”
