

## The Yun Family's Ninth Child is an Imp! Chapter 3133

Witness? Corroborating evidence?

Everyone was dumbfounded. How could there be a witness? Other than the two ancestors, how could there be a witness?

Elder Gui Yi revealed a contemptuous expression. This Yun Chujiu was simply spouting nonsense. It was impossible for her to have a witness! As long as he insisted that the two sect leader rings were fake, regardless of the final outcome, he could at least delay for a period of time. By then, he would have succeeded!

Clang! Clang!

After two loud bangs, a Stone Pi Xiu and a stone lion were placed in front of everyone by Yun Chujiu.

Everyone cried out in surprise!

Oh My God, isn't this the Guardian Stone Beast of their primordial chaos sect (killing Origin sect) ? ! F \* ck! It really is a real (stone) proof? ! How did he get this bad news bag?

"Tell them, are my two sect leader rings real or not?" Yun chujiu placed her small hands behind her back and said pretentiously.

Shi Pixiu said eagerly, "Of course it's real! They are all blind! They can't even recognize the sect leader ring!"

Shi lion echoed, "That's right! Who can imitate such a high-class ring? ! Besides, we can testify that this sect leader ring is real! This little fairy is your ancestor!"

Everyone: "..."

What exactly did Yun chujiu do to these two stone beasts? Why didn't they look like Pi Xiu and the lion, but more like pugs?

However, with the testimony of the Guardian Stone Beasts, everyone finally believed Yun Chujiu's words. It seemed that she was indeed the last disciple of the two ancestors.

"Little Dong, Little Nan, I order you to capture this Gui Yi. I want to interrogate him!" Yun chujiu pointed at Gui Yi and ordered.

The Stone Pi Xiu and the stone lion rarely had the chance to show their skills. Hearing Yun Chujiu's order, they immediately threw themselves at Gui Yi.

Although they were stone beasts, their spiritual power was higher than that of everyone present. Otherwise, hei xinjiu would not have used sweet words to lure these two to help.

Yun chujiu blinked her eyes. "Little Xia Hou, Little Bai Li, Little Yan, don't just stand there. Attack together! Finish the battle as soon as possible!"

The three "Little" generation looked at each other, smiled bitterly, and then joined the battle.

At first, elder Gui Yi still quibbled, but later, he was forced to the point that he had no strength to fight back. He could only grit his teeth and persevere with an ashen face.

Seeing that things were not going well, his eyes flashed and he had just bit his finger when he heard Yun chujiu stretching her neck and shouting, "He wants to use the secret technique of the Resurrection Lily. Don't let him succeed!"

Shi Pixiu gave Elder Gui Yi's spiritual energy shield a claw and the spiritual energy shield was instantly broken. The stone lion did not want to be outdone and opened its bloody mouth towards elder Gui Yi's head.

Elder Gui Yi was so scared that he hurriedly dodged. Behind him, Master Baili gave him a palm strike on his back..

In less than fifteen minutes, elder Gui Yi's spiritual energy was restrained and he was brought in front of Yun Chujiu.

"Little Xia Hou, don't talk nonsense with him. Just use the soul-searching technique. Don't worry, he is already half dead. He can't resist your soul-searching technique."

Master Xiahou saw that elder Gui Yi wanted to use the secret technique of the Resurrection Lily, so he no longer doubted Yun Chujiu's words. He immediately used the soul-searching technique on elder Gui Yi.

Unfortunately, as soon as master Xiahou's spiritual sense entered, elder Gui Yi bled to death from all seven orifices. Apparently, elder Gui Yi's spiritual soul was forbidden.

While everyone was stunned, Yun Chujiu put her little paws on her back and said with her little legs, "That's enough! The most important thing now is to hurry back to the sect. As for the other matters, I have my own arrangements."
