

The Yun Family's Ninth Child is an Imp! Chapter 3139

Yun chujiu then asked, "Aunt Li, what exactly happened back then? Everyone in the Mo family said that my mother died of illness. However, when I discovered that the grave had been stolen, I had some doubts in my heart."

"HMPH!"! How could those idiots from the Mo family be a match for sister Lan? Sister Lan merely used a golden cicada to escape from her shell! Sister Lan had taken a medicine that could cause a state of suspended animation. After she was buried, I waited until everyone had left before I rescued your mother."

Yun chujiu saw that Li Niang's face was filled with admiration like a fangirl. The corners of her eyes twitched. She did not expect Li Niang to be her mother's little fangirl.

"Aunt Li, I still don't understand. Why did my mother marry Mo Cheng?"

Li Niang looked at Yun chujiu worriedly. "Little Jiu, there's something you might not know. You, you're actually not Mo Cheng's child!"

Li Niang was afraid that Yun chujiu would suffer a blow. Even if Mo Cheng was no longer a thing, he was still much better than an illegitimate daughter.

Unexpectedly.., yun chujiu clapped happily. "Really?"? That was simply too good! I was wondering how that bastard could be my father? ! Then why did my mother marry Mo Cheng ? Who On Earth is my father ? To be able to give birth to such a smart and intelligent daughter like me with my mother, he must be very powerful!"

The corner of Li Niang's mouth twitched. was she praising her father or herself?

“I don’t know who your father is either. Sister Lan didn’t tell me this. The reason why sister Lan married Mo Cheng back then was because after she became pregnant, her spiritual power started to weaken and it was becoming more serious.

She was a single woman, and she was afraid that the ye family and fan family would chase after her, so she could only agree to Mo Cheng’s proposal.

However, she had told Mo Cheng beforehand that they were only in name, and they gave Mo Cheng a lot of spirit tools and pills as compensation.

Mo Cheng probably took a liking to sister Lan’s beauty and thought that after a long time, he could fake it and do it for real. Secondly, he also got some benefits, so he readily agreed,”Li Niang said to Yun Chujiu.

Yun Chujiu thought about Mo Cheng’s actions. Every time he mentioned her mother, he would call her a B * TCH. He looked so angry that he must have wanted to put on a real show but was rejected by her mother.

“What happened after that? How could I be separated from my mother?”

Li Niang sighed. “The day sister Lan gave birth to you was supposed to be a beautiful day. Who would have thought that the moment you were born, there would suddenly be wind and rain, lightning and thunder. Moreover, the lightning that struck that day was purple.

Sister Lan watched helplessly as you suddenly disappeared. Even the little quilt on her body disappeared along with you. Sister Lan fainted on the spot.

Because of your loss, sister Lan’s health had not been very good until half a year later. She knew that she could not count on the Mo family to find you, so she thought of a way to fake her death. Then, she left the Mo family to find your whereabouts. She had always believed that you did not die prematurely.”

Li Niang looked at Yun Chujiu with a gratified look and then continued, "After that, your mother successfully left the Mo family. After disguising herself, she brought me around to look for you, but where can I find you in such a vast sea of people? !

"Just like that, your mother and I searched for you for three years, but there was still no trace of you.

"Suddenly, one day, a few people appeared and chased after me and sister Lan. Fortunately, Sister Lan was very smart and had already recovered her spiritual power by that time. She used a strategy to kill all those people one by one.

Sister Lan was afraid that someone would come after her, so we ran all the way here. We thought that this place was very remote and wouldn't be found. I didn't expect that something would happen in the end!"
