

The Yun Family's Ninth Child is an Imp! Chapter 3142

Yun chujiu glanced at Meng Yanshou, who had nothing left to live for. "Don't worry! I'm only at level one of the spiritual void tier now. The most important thing now is to increase my spiritual power and find the antidote. I don't want to be like this forever.

"However, seeing that you've performed well, I'll change you into a male rabbit's shell!"

Meng Yanshou was so happy that he could finally be a real man! Otherwise, it would be even worse than that eunuch rabbit. It would be a rabbit demon that was neither male nor female!

After Yun Chujiu sent Meng Yanshou away, she pondered over her next plan.

First, she had to resolve the dispute between the Chaos Origin sect and the killing origin sect. However, this was not a difficult matter. As long as she could find out who the traitor was, the matter would be solved.

On the other hand, her identity was a problem. Those old fellows would definitely be against the sudden appearance of their ancestors from the bottom of their hearts. It was inevitable that they would find fault with her, so she had to be careful.

However, with the great sword of seniority, as long as she handled it carefully, there should not be any problems.

Next was the antidote. She still had to continue to go to the library of the primordial chaos sect to read books and strive to find the antidote as soon as possible. It would be best if she could also find a way to get rid of the guai Cao.

Lastly, it was the problem of cultivation.

Thinking of this, Yun Chujiu suddenly sat up from the bed. It was not a bad thing for her to become smaller. That Old Bastard Tian Dao did not kill her last time. Now that he knew that she had arrived at the primordial chaos sect, he might let the heavenly lightning strike her.

She had to find a place to hide. Otherwise, she would not be able to withstand the heavenly lightning.

Yun chujiu thought about it and thought of a good place. It was the asura prison in the forbidden area of Tianheng Peak.

As for the method to seduce the asura prison, it was very simple. She could just use the asura spring to seduce it.

After Yun Chujiu had thought these things through, she finally rested.

The next day, Hei Xinjiu rode a giant rabbit and brought a bunch of rabbits out of the courtyard.

Now, Hei Xinjiu's ancestral identity had already spread throughout the entire primordial chaos sect. Therefore, when they saw Yun chujiu, the servants and disciples all had awkward expressions on their faces. They should greet her. They really could not call her their ancestral name, if they didn't greet her, they would be afraid that Yun chujiu would find fault with them.

Therefore, everyone avoided her from afar, as if they were avoiding the god of plague.

Yun Chujiu:" ..."

Damn it!

This wasn't how it was supposed to be played!

It turned out that they despised her as a bad person, so these people ignored her. Now that she had become their ancestral, these people actually ignored her. This was really too much!

The lonely and Cold Master Baili went to the meeting hall with his head drooping. Master Baili and the others also wanted to hide, but unfortunately, they couldn't. They could only brace themselves and bow, "Greetings, Little Ancestor Yun."

Master Baili finally enjoyed the treatment of an ancestor. He waved his hand pretentiously, "No need for formalities. You kids are really too polite! Did you have a good rest last night?"

The corner of Master Baili's eyes twitched violently and he said perfunctorily, "We had a good rest. Thank you, Little Ancestor Yun, for your concern."

Yun chujia shamelessly sat on Master Baili's seat and slapped the table. "It's not that I, as an elder, want to criticize you. You made such a big mistake, but you can still sleep? You guys are really big-hearted!"

"Forget it, you guys are still young. As an elder, I won't say much about you guys. You guys should take care of yourselves! "Little Bai Li, what did you do about the matter that I asked you to do yesterday?"

Everyone's old faces were red. They were scolded like grandchildren by a three or four-year-old little girl. However, what she said was still reasonable. It was simply too shameful to see people!
