

The Yun Family's Ninth Child is an Imp! Chapter 3143

Master Baili said with a flushed face, "The people you asked me to capture have all been captured. Through interrogation, they are indeed people from the Divine Devil Hall, but they are all at the lowest level and do not have any valuable clues.

"Moreover, before we found him, that Liu Shun had already been killed to silence him."

Yun Chujiu had expected this, so she was not too surprised. She turned to Alliance Master Yan and asked, "Little Yan, you were there during the interrogation yesterday, Right?"

Alliance Master Yan's face stiffened for a moment, then he nodded.

"Since that's the case, when the peace talks between the two sects come, as the third party, you can be the witness. "Little Bai Li, there must be spies from the Divine Devil Hall in the Primordial Chaos sect. In the next few days, you should focus on this matter! "If there's nothing else, I will go to the library to read."

Everyone looked at each other. Finally, master baili asked, "Little Ancestor Yun, can you tell us what happened when you saw the two ancestors?"

Yun Chujiu had already prepared a script in her head. This fellow was good at telling lies. Master Baili and the others did not doubt him at all.

This guy did not tell the others that Patriarch Yuan Tian and patriarch Hong Yuan were dead. He thought that if they thought that the two patriarchs were still alive, they would be afraid and would not harm her.

Seeing that the others had nothing more to ask, Yun Chujiu rode the giant rabbit and left the meeting hall with a bunch of rabbits.

Looking at her back, Master Baili and the others sighed silently. A new ancestor appeared out of nowhere. It was hard to explain in one word!

News came from the Shi Yuan sect that they had caught some spies from the Divine Devil Hall. However, there were not many valuable clues.

Yun chujiu could not help but admire the master of the Divine Devil Hall. He had done a good job in keeping the information confidential. She had been dealing with the Divine Devil Hall for a long time, so she only knew the tip of the iceberg about the Divine Devil Hall.

This guy had been reading books in the library for the past few days, but he had little effect. He did not find any information about the antidote or the guai Cao.

Moreover, the heavenly lightning that she had been hoping for did not strike her. Hei Xinjiu's mood became less cheerful!

The moment this fellow's mood became bad, the entire primordial chaos sect would suffer as well.

It was to the extent that the disciples of the primordial chaos sect avoided this ancestor as if she was the god of plague, afraid that she would vent her anger on them.

Master Baili only had one wish now, and that was to hurry up to three months. Hurry up and send this ancestor to the Shi Yuan sect, and stop tormenting them!

On this day, just as ancestor Jiu was wreaking havoc, the voice transmission talisman inside the storage ring started to vibrate.

Yun chujiu picked it up and took a look. It was actually from Xue Wuji.

Yun chujiu hurriedly sent her spiritual sense in, and Xue Wuji's anxious voice came from inside. "Little Sister Jiu, di Beiming's old illness is acting up! Right now, we can only use your blood to temporarily save his life. You must come here immediately."

Yun Chujiu's head buzzed, and she almost fell off the giant rabbit.

She steadied her mind. "Tell me where you are, and I'll rush over immediately."

"The ice abyss of the immemorial ice field. Little Sister Jiu, it's very dangerous here. You must be careful."

"I understand."

..

Everyone saw that Yun Chujiu's expression was very bad, and they didn't dare to ask for trouble, so they all dispersed.

Yun chujiu immediately rode the giant rabbit to find master baili, "Little Baili, I have something urgent to leave, but I'm afraid that the Divine Devil Hall will target me, so you have to cooperate with me and help me distract the Divine Devil Hall's attention."
