

The Yun Family's Ninth Child is an Imp! Chapter 3144

"Master Baili, are you leaving? Where are you going? To the Shi Yuan sect?" Master Baili asked in confusion.

"No, I'm going to save someone, someone very important to me. You Don't have to ask. Just do as I say." Yun Chujiu said coldly.

Master Baili then realized that this bad news bag had a serious expression. Clearly, something big had happened.

"Little Ancestor Yun, do you need the sect's help?"

Yun chujiu shook her head. "No need. It's more convenient for me to do things by myself. There's no time to lose. You must immediately do as I say."

Yun chujiu had thought of bringing some people from the primordial chaos sect with her. However, the ancient ice plains were extremely cold, and the Hundred Thousand Feet Deep Ice Abyss was bone-chilling. She had the ten thousand years fire marrow on her body to resist the cold, but the others couldn't.

Bringing people with her would be a burden. Moreover, she was not sure who else in the primordial chaos sect was a spy from the Divine Devil Hall. If she were to invite a wolf into the house, it would be even worse.

After Yun Chujiu told Master Baili about her plans, she returned to the dormitory and began to make some preparations.

That afternoon, news spread out from the primordial chaos sect.

Two months later, the Hunyuan sect held a grand ceremony for Yun Chujiu to become the last disciple of Patriarch Yuantian, inviting all kinds of heroes to come.

The next day, Disciples of the Hunyuan sect set off one after another to send invitations to various sects and clans.

An Linchuan and Shangguan Hao were also assigned tasks. Of course, they also had an important task, which was to bring Yun chujiu out of the Hunyuan sect without anyone noticing.

After flying for hundreds of miles, the flying spirit tool found that there were no abnormalities around Bai Li. The Flying Spirit Tool landed in a valley.

“Junior Sister Xiaojiu, did something happen to the Almighty? Do you really not need our help?” An Linchuan asked with concern. He had forgotten to address Yun chujiu when he was anxious.

Yun Chujiu’s small face was unusually serious. “I can go alone. You Guys Go and deliver the invitation as usual. Don’t give yourself away.”

An Linchuan and Shangguan Hao had no choice but to nod in agreement. Seeing Yun chujiu take her short legs and board another flying spirit tool, the two of them felt very stifled. They couldn’t help her in any way. They could only pray that junior sister little jiu was doing well.

After Yun Chujiu and an Linchuan separated, they pushed the speed of the flying spirit tool to its limit. She had to hurry. If she was even a moment late, she might regret it for the rest of her life.

If it were not for the fact that she wanted to attract the attention of the Divine Devil Hall, she would have set off immediately yesterday.

Yun chujiu sped all the way. When she slept at night, she asked Meng Yanshou and the others to be on guard. She did not dare to delay for even a moment.

On the way, Yun Chujiu and Xue Wuji used voice transmission talismans a few times. She did not dare to contact them too frequently. If the voice transmission talismans went wrong, it would really make things worse.

Yun chujiu hurried and finally arrived at the edge of the immemorial ice field half a month later.

Even if it was the edge, it already made people feel a bone-piercing cold.

The immemorial ice field forbade flying, so Yun chujiu could only ride the giant rabbit and run wildly.

When the giant rabbit was exhausted, Yun Chujiu rode the Xiao Hong Red Fox and continued to run day and night.

Due to the pressure released by Yun Chujiu, she did not encounter any demon beasts at the beginning. After all, the demon beasts living on the edge were not high-level.

Xue Wuji's voice transmission talisman rang again. "Sister Xiao Jiu, there are only three bottles of blood left. You should speed up!"

Yun chujiu frowned. Three bottles of blood could only last for six days at most, which meant that she had to reach the bottomless ice abyss within six days. Time was very tight.
