

## The Yun Family's Ninth Child is an Imp! Chapter 3147

The two immemorial violent bears immediately flew into a rage out of humiliation and chased after them relentlessly. It was not easy for them to meet a cute little girl, and they were still waiting to improve their food!

Although the giant rabbit's speed was not slow, it was clearly not as fast as the two immemorial violent bears on the ice plains. They were soon caught up.

Yun chujiu turned her head fiercely and glanced at the two immemorial violent bears. When the two immemorial violent bears saw the small purple lightning in Yun Chujiu's eyes, they could not help but stop in their tracks.

Yun Chujiu's small body suddenly jumped up from the giant rabbit and slapped one of the immemorial violent bears on the head.

The giant rabbit was so scared that it closed its eyes. Was this little girl stupid? Why did she directly make a move? Instead, she let go of that supposedly very powerful pig!

The two immemorial violent bears were also dumbfounded. They thought to themselves, so she was a silly child! No wonder she was a little doll wandering on the ice field. She was a fool!

The immemorial violent bear that was attacked by Yun Chujiu did not even Dodge. It thought that its skin was tough and its flesh was thick. A little girl's palm would not harm it at all.

Moreover, the little girl had jumped over to its mouth by itself. At that time, it would be able to kill the little girl with a single swipe of its paw.

Bang!

The Giant Rabbit's heart sank. It was over! That black-hearted little girl was dead just like that! It did not expect that after dodging the heavenly thunder, it would actually seek its own death!

The giant rabbit opened its eyes and immediately fell to the ground in shock!

It saw that the giant immemorial violent bear had been forcefully flattened! It lay on the ground, looking like a piece of bear skin..

The living immemorial violent bear was already paralyzed with fear!

Yun chujiu stood in front of it, but it did not even dare to attack. Its eyes were filled with fear.

Yun chujiu stretched out her small claws and established a temporary contract with it. Then, she kept the huge rabbit and sat on the immemorial violent bear's back, letting it move forward at full speed.

The immemorial violent bear was still frightened as it ran. Oh God! ! Where did this monster come from? ? ! She actually killed her companion with a single slap? Could it be that she was hiding her true strength, and was actually at the eighth or ninth level of the spiritual space realm?

Meng Yanshou no longer had a shell. It floated around in the spiritual beast pouch, and its four vertical pupils flashed with a suspicious light.

The black-hearted little girl was a little strange. There was a small purple lightning in her eyes? How could there be lightning in a human's eyes?

Moreover, she killed a level 43 demonic beast with one slap. This was not something that her spiritual power could do. Could it be that there was a seal on her body? Or was there something fishy that temporarily triggered her potential?

Also, what happened to Your Majesty? Was She really dead?

Half a day later, a group of immemorial ice foxes surrounded Yun chujiu and the immemorial violent bear.

Yun chujiu said coldly, "Get lost!"

The group of immemorial ice foxes let out sharp cries, obviously mocking Yun chujiu for overestimating herself.

The immemorial bear lit a candle in its heart for these foxes. They actually dared to provoke this monster, you guys are dead meat!

Countless purple lightning flashed in Yun Chujiu's eyes once again. The immemorial ice fox in front of her could not help but open up a path.

Yun Chujiu took out a bunch of talismans and threw them at the group of foxes. The sounds of explosions and the screams of the immemorial ice fox could be heard continuously. Yun chujiu did not even turn her head and ordered the immemorial bear to speed up.

She did not want to waste a second. There was only one thought in her mind. She wanted to see the gigolo. The gigolo would definitely be fine..
