

## The Yun Family's Ninth Child is an Imp! Chapter 3153

Xue Wuji felt that it was not a good idea to continue like this, hence, he advised, "Little ninth sister, it's useless for you to stay here. You should return to the primordial chaos sect! This way, when you are struck by lightning again, at least you will have a place to hide."

Yun Chujiu's expression changed slightly. She should indeed return to the primordial chaos sect because the sect was holding a banquet in the name of celebrating her becoming the last disciple of the two patriarchs. If she did not return, the primordial chaos sect would be disgraced.

Moreover, Xue Wuji was right. Her priority now was to cultivate. She had to find a way to be struck by lightning and raise her spiritual power as soon as possible.

After making a decision in her heart, Yun chujiu nodded. "Brother Wuji, you're right. I'll leave this place tomorrow morning and return to the chaos origin sect. I'll leave the Prince Charming to you and the Little Lunatic!"

Xue Wuji scratched his head. "Little Sister Jiu, look at what you said. Although facial paralysis isn't very likable, I'll still guard him well. If brother's injuries weren't completely healed, I would have sent you out."

"By the way, Brother Wuji, Little Madman, I haven't asked you yet. How did your injuries come about?"

"When we came here, we met some enemies with facial paralysis. Although we killed them, the two of us also suffered some injuries. "However, it's not a big problem. We'll be fine after a few days of recuperation," Xue Wuji said casually.

Seeing that Xue Wuji was unwilling to say more, Yun Chujiu did not ask further. She took out a lot of pills and talismans and handed them to the two for self-defense.

"Oh right, brother Wuji, did Prince Charming say anything about the Yun family and my father?"

Xue Wuji shook his head. "You also know that facial paralysis is a man of few words. He did not mention much about them. However, the Yun family seems to be quite powerful. In short, it's definitely not a good thing to take you back."

Yun Chujiu's mouth revealed a trace of bitterness. The Mo family had brought her back for a profit, and now it was the same for the Yun family. It was the same for the Yun family, but the difference was like heaven and earth.

Thinking of this, Yun Chujiu's heart moved. She thought of the black bead.

At that time, her grandfather, Yun Xiaotian, told her that only the Yun family bloodline could make the black bead recognize her as its master. At that time, she even joked that she should be of the Yun family bloodline. Otherwise, why would the black bead recognize her as its master!

It turned out that she really was of the Yun family's bloodline. However, the Yun family of the Qing Xuan continent should be a branch. It might have been because of some reason that it ended up in the Qing Xuan Continent.

Yun Chujiu felt that in the dark, there were countless connections between things.

She had suddenly disappeared when she was born. In the end, she was adopted by the Yun family who had a bloodline connection with her. After going around and around, her surname was still Yun. Was all of this a coincidence or was it deliberately arranged?

When Yun Chujiu came back to her senses, she saw Xue Wuji sitting not far away. He looked lonely and no one knew what he was thinking about.

Yun Chujiu walked over and asked softly, "Brother Wuji, what are you thinking about? Why are you so engrossed in your thoughts?"

Yun Chujiu had only asked out of concern. She did not expect Xue Wuji to be like a cat whose tail had been stepped on. He jumped up and said, "No, nothing. I'm not thinking about anything."

Yun Chujiu:"..."

What did he mean by confessing without beating him up? What did he mean by saying that there was no silver in this place? This was it!

"Brother Wuji, I heard from My Prince Charming that you went missing for a day. When you came back, you were so happy. Could it be that you had some sort of sexual encounter?"It was rare for Yun Chujiu to have the mood to joke.

Xue Wuji's face immediately turned red. "Nonsense! What? What sexual encounter? ! That facial paralysis thought that I was him, so he went to take advantage of you for no reason. Bah!"
