

The Yun Family's Ninth Child is an Imp! Chapter 3156

The woman snorted coldly. "Prey? It's just that I accidentally fell for your scheme. Otherwise, it's hard to say who will win."

Xue Wuji lowered his head and kissed the woman's lips. Originally, he just wanted to warn the woman, but he did not expect it to be out of control.

Finally, Xue Wuji let go of the woman and raised his eyebrows. "Although your figure is not that good, you can still barely enter my mouth."

At this time, the woman could no longer maintain her cool. Her eyes were full of anger. "Bah! You are just an embroidered pillow. What right do you have to comment on my figure!"

Xue Wuji's face suddenly darkened. "Woman, you have questioned this young master's ability time and time again. It seems that I really need to let you experience it again."

The woman bit her lips in annoyance. "I was talking nonsense just now. I can give you whatever compensation you want! I can give you spirit stones, pills, talismans, or spirit tools."

Xue Wuji curled his lips. "In my heart, nothing is comparable to you."

After saying that, Xue Wuji carried the woman and ran straight to a cave not far away.

At this time, the sky had completely darkened. Although the woman was extremely vexed, she had no way to break free from Xue Wuji's imprisonment. She cursed angrily, "You actually want to force me? Are You a man?!"

"I'll show you whether I'm a man or not in a moment. Don't worry, I'll be there soon," Xue Wuji said mockingly.

At this time, Xue Wuji was very satisfied with himself. DAMN WOMAN! She wanted to run away after forcing him? This time, he would definitely take back what he owed her, and let her know what it meant to be a man!

Obviously, the woman would not say anything soft or beg for mercy. She said coldly, "Fine, I admit defeat today! Just treat it as if I've been bitten by a dog!"

While cleaning the cave, Xue Wuji said faintly, "Bitten by a dog? There's no dog as handsome and extraordinary as me in this world. Woman, it's your fortune to be able to sleep with me for eight lifetimes."

The woman almost fainted from anger. How could this person be so shameless? ! Another small figure appeared in the woman's mind. It seemed that the upper beam was not the right beam, but the lower beam was crooked!

When the woman came back to her senses, she could not help but be stunned.

The originally empty cave was actually decorated by Xue Wuji in an extremely festive manner. The Big Red Carpet, the Big Red Quilt, and even the entrance of the cave were all sealed with a red cloth.

In the middle of the cave, there was a table with wine, dishes, and even two lit red candles.

Why did he have these things on him?

Did he always bring these things with him?

The woman felt a little strange, and then she laughed at herself. It was just a little trick to win a girl's heart.

“Woman, in My Heart, you have been my wife for a long time. Today is our wedding night. “I won’t ask about your past or your background. You only know that you are mine. “So, What’s Your Name?”

The Woman:” ...”

The woman looked at the newly decorated cave, and her cold face was slightly flushed. “Why are you talking so much nonsense? ! Let Me Go Now!”

Xue Wuji was not angry at all, he raised the woman’s chin with his hand. “It doesn’t matter if you don’t say it. Anyway, you only have one identity in the future, and that is my wife, Xue Wuji. You’re My Woman, and you’ll never be able to leave me!”

The woman saw the focus and deep love in Xue Wuji’s eyes, and her heart trembled slightly. She subconsciously looked away and said coldly, “I don’t belong to anyone.”

Xue Wuji blinked his phoenix eyes and said, “It doesn’t matter. You Don’t have to belong to me. I belong to you.”
