

The Yun Family's Ninth Child is an Imp! Chapter 3159

Yun chujiu looked deeply at di beiming who was inside the ice wall. She smiled and waved at Xue Wuji and an Feng before walking towards the entrance of the bottomless ice abyss.

After walking for a while, Yun chujiu saw two level 45 bloodthirsty snow wolves in the distance.

Yun chujiu pondered for a moment. Level 45 was equivalent to level 5 to level 6 of the spiritual space. Although it was higher than her spiritual power, it should not be too much of a problem for her to deal with two of them.

Just as Yun Chujiu was about to release da Hua to accept the challenge, she saw the two bloodthirsty snow wolves run away.

Yun Chujiu was stunned. Something must have happened. HMM, perhaps their mother had called them home for dinner.

After walking for some distance, three level 45 bloodthirsty Snow Leopards appeared in front of her. Yun Chujiu's heart tightened. Three of them might be a little troublesome, but she should be able to escape if she gave it her all.

Just as Yun Chujiu was thinking about it, the three bloodthirsty snow leopards seemed to have seen a ghost and disappeared without a trace.

Yun chujiu touched her nose. She reckoned that they had gone home to eat?

This fellow continued to walk forward, and five more bloodthirsty Snow Tigers appeared in front of her.

Yun Chujiu's heart sank. Five of them would be difficult to deal with! It was extremely cold here. Her spiritual pets had no way of resisting it, unless she let Meng Yanshou weave a dream. But what if there was an even more dangerous situation ahead? Why Not Wait and See?

Just as Yun Chujiu was debating whether to release the Meng Yanshou or not, she saw the five bloodthirsty Snow Tigers run away as if they did not care about their lives. One of them even tripped over itself!

Yun Chujiu:"..."

She finally realized that the demonic beasts were afraid of her, that was why they were scared away. But, why were they afraid of her?

Did she do something before? She shook her head. She had no memory of what happened before.

So, she asked the few in the spirit beast bag, "What happened before?"

Meng Yanshou said eagerly, "Little Fairy, before you came down to the bottomless abyss, Xiao Hei and the others could still contact you with their spiritual sense and see what happened outside.

But ever since you came down to this bottomless abyss, they couldn't see anything.

But previously, when you were in the ice field, a lot of purple lightning appeared in your eyes, as if it had the effect of bewitching demon beasts.

In the end, when you fought with the ancient ice long, the little lightning in your eyes even flew out. Little Fairy, you must be someone with a great background. How could such a talented person like you be an ordinary person? "..."

Yun chujiu automatically ignored the nonsense that Meng Yanshou said and frowned. There was a purple lightning in her eyes? She could even fly out to attack?

What a joke! Wouldn't that make her a demon?

However, the demon beasts that Yun Chujiu saw next all avoided her from a distance. Moreover, they seemed to be afraid of her. Yun chujiu had no choice but to believe that when she came, she must have displayed a terrifying strength, otherwise, these demonic beasts would not be so afraid of her.

Forget it, regardless of whether it was a demon or not, it only needed to become stronger! However, how could she make the purple lightning in her eyes come out again?

This fellow stared until tears flowed down his eyes, but the purple lightning did not come out either.

The nightmare beast said eagerly, "Little fairy, I guess that the Purple Lightning will only come out when you have a great fluctuation in your emotions." Meng Yanshou looked at Yun Chujiu

Yun chujiu thought for a moment and felt that Meng Yanshou's words made sense. Every time the cat cub was seriously injured, it would only return to its fire eating Xiu appearance.

Her current situation was probably similar. She had to be extremely angry or extremely sad to trigger the purple lightning in her eyes.

Damn it, she had heard of dejected ecstasy and soul palm before. Could it be that this was dejected ecstasy and Soul Little Lightning?
