

The Yun Family's Ninth Child is an Imp! Chapter 3164

If it wasn't for the sect leader Ring on Yun Chujiu's hand, perhaps the two stone Pixiu would have already dealt with her.

"The Divine Devil Hall has surrounded Master Baili and the others. Follow me to save them." Yun Chujiu didn't have the time to explain to them, so she said straightforwardly.

The two stone Pixiu were both honest and determined that Yun chujiu was the owner of the sect leader Ring. Without the slightest doubt, they were obediently put into Yun Chujiu's storage ring and followed her into the primordial chaos sect.

Not long after Yun Chujiu walked out, there were many people in front of her, blocking her way.

Yun chujiu was very familiar with the person in the lead, the head of the fan family.

Yun chujiu no longer had anything to hide, so she returned to her original appearance. She used her sleeve to cover up and put the hidden spirit ring back on her hand.

"Head of the fan family, previously, your son and grandson joined the Yan clan. Now, you have joined the Divine Devil Hall. Your fan family is indeed a family with a long history, a family of weaklings! "Now that you have become the Lackey of the Divine Devil Hall, how will you have the face to meet your ancestors of the fan clan in the future? !"

The Master of the fan clan looked at Yun Chujiu viciously. "Yun Chujiu, all of this was caused by you! "If it wasn't for your scheme, how could my son and grandson's future be ruined? "If I didn't submit to the Divine Devil Hall, would their lives be ruined?"

"Yun Chujiu, you are going to die today! "This is all your retribution! "Not only will you die, but those idiots from the Hunyuan sect, the murderous Yuan sect, and the Sky Bearing Alliance will also die with you! "From now on, the immortal essence continent will belong to the Yan clan and our fan clan!"

Yun chujiu looked at him as if she was looking at an idiot. "Are you brainless? "Don't you know that the ultimate goal of the Divine Devil Hall is to find the eye of earth profound and absorb the earth profound qi? When the time comes, there won't be any spiritual Qi left in the immortal essence continent. Are you going to be a mushroom here?"?

The head of the fan family was stunned for a moment, and then he said with a fierce expression, "What do you know? ! Even if the immortal essence continent is destroyed, the purple-masked Lord will take us to a higher-level continent. Cut the crap, stinky girl, prepare to Die!"

Although the head of the fan family was surprised that Yun Chujiu's spiritual power had already reached the fourth layer of the spiritual void tier, he was at the fifth layer of the spiritual void tier, and he had so many helpers behind him, so he did not take Yun chujiu seriously.

Yun chujiu narrowed her eyes. She reckoned that the purple-faced woman did not know her identity, so the head of the fan family only brought twenty or so people behind him. It was a piece of cake.

Yun chujiu immediately began to release the spiritual beasts with a whoosh. The head of the fan family and the people behind him watched with their mouths Agape. How could this Yun chujiu have so many spiritual beasts? !

However, weren't these spiritual beasts too weak?

Five level one rabbits, a fire-breathing crow that was as fat as a ball, a red two-tailed fox, a little tail-less rat, a cat cub, a little bastard, and a little mushroom?

The head of the fan family said disdainfully, "They are all unpresentable things! Indeed, the kind of people will be the kind of spiritual pets!"

Yun chujiu did not say anything and waved her hand, "Kill! Leave No one alive!"

When they really fought, those people knew how difficult these spiritual pets were to deal with! Let's not talk about other things, just take the weakest little bastard as an example. It was too f * cking despicable! It was sneakily hiding in a big turtle shell to launch a sneak attack. There was no way to do anything to it at all.

At this time, Yun Chujiu was also fighting with the head of the fan family. Even though Yun Chujiu's spiritual power level was one level lower than the head of the fan family, her movement technique was extremely fast. The head of the fan family actually fell into a disadvantageous position very quickly.
