

The Yun Family's Ninth Child is an Imp! Chapter 3166

Hearing Yun Chujiu's words, Su Yanran's eyes turned red with anger, and she slapped Yun Chujiu with her palm.

Yun chujiu had just witnessed Su Yanran's power, so she naturally wouldn't sit still and wait for her death. She used all her strength to leap to the side.

Even so, she was still hit by the palm wind on her left shoulder, and she immediately felt that her entire left shoulder was numb with pain.

Yun Chujiu's heart tightened. What kind of evil cultivation technique did this Su Yanran practice? Why was she so overbearing? !

Su Yanran saw Yun chujiu hugging her left shoulder and grimacing, she immediately sneered, "Yun Chujiu, I told you that you're a waste. Indeed, after a few years, you still haven't improved at all! Other than your glib tongue and opportunistic tricks, what else do you know? !"

Yun chujiu rubbed her left shoulder and said with a faint smile, "Yes, you are right. I just rely on my glib tongue and opportunistic tricks. Do You Want to bite me?" Besides, what right do you have to say that I'm opportunistic? If you didn't use external force, how could you reach this level of spiritual power? It's really a pot calling the kettle black."

Su Yanran was choked by Yun Chujiu's words and threw another palm at Yun Chujiu. Yun chujiu dodged to the side again. This time, she was not hit by the palm wind.

Su Yanran's face was full of a cold smile. She waved her palm repeatedly, forcing Hei Xinjiu to jump left and right.

“Yun Chujiu, did you see it?”? This was true strength. Spiritual Beasts and spiritual pets were not as valuable as strength! Don’t you have a lot of messy spiritual pets? “Let them out. I’ll let you see how I kill them with your own eyes,” Su Yanran said arrogantly.

Yun chujiu bared her little white teeth. “You’ve reminded me. If that’s the case, then take this!”

As Yun Chujiu spoke, she let out the two stone pixiu. Su Yanran saw the two stone Pixiu and was surprised. She immediately fought with the two stone Pixiu.

Yun chujiu took this opportunity to catch her breath. She narrowed her eyes. The two stone pixiu were obviously not Su Yanran’s match.

Fortunately, Su Yanran was careless and did not ask her subordinates to help her. Otherwise, she would not be able to hold on for long.

Just as Yun Chujiu was thinking about it, Su Yanran suddenly jumped away from the two stone Pixiu and pounced on Yun Chujiu.

The two stone Pixiu wanted to chase after her, but they were stopped by the fan family’s patriarch and the people from the Divine Devil Hall.

Su Yanran attacked Yun chujiu while sneering, “If you still have any tricks, just use them! I’ll make you admit defeat today!”

“Admit your head! No one will admit defeat to you! A person with a hole in his head still has the nerve to spout nonsense here? !” Yun Chujiu said disdainfully.

Su Yanran said fiercely, “B * Tch! Nonsense! You are the one with a hole in your head!”

“How am I talking nonsense? You are the one with a hole in your head! Why Don’t you think about why that master groomed you? Isn’t he just using you as a Fool? !

If he was really good to you, why did he let you charge into the battlefield? Why did he leave you in the SU family for more than ten years without paying attention to you?

If it wasn’t for him, you would be cultivating happily right now. Why would you have to bear such a bad name? Other than these idiots from the Divine Devil Hall, who wouldn’t hate you? !”Yun chujiu was simply trying to find something to say in order to stall for time.

Who would have thought that Su Yanran would be slightly dazed after hearing Yun Chujiu’s Words? She shook her head. No, that person wasn’t using her. It must be that B * Tch Yun chujiu who instigated a rift between them. What nonsense!
