

The Yun Family's Ninth Child is an Imp! Chapter 3167

Yun chujiu was so smart!

When she saw the change in Su Yanran's expression, she was delighted. Oh My, her nonsense actually hit the little B * Tch's sore spot?

Thus, this guy continued to shout, "Su Yanran, don't deceive yourself! That person is using you! You are a beautiful woman, how could he have the heart to use you like this? He is simply a B * Stard!

These few years must not have been easy for you, right? Sigh, no matter what, we are old acquaintances. I really sympathize with you."

Su Yanran's expression became even more absent-minded, and the movements of her hands also slowed down.

Yun Chujiu knew her own limits, and she did not launch a sneak attack.

Because she knew that a sneak attack would not succeed. Anyway, she could drag it out for a while. When Master Baili and the others came out, everyone would attack together. She did not believe that they could not kill her!

After a moment, Su Yanran's expression became cold and ruthless again. "B * Tch! I almost fell for your trap again! Cut the crap, you must die today!"

"You are not the King of Hell. If you want me to die, I Must Die? ! Dream On!" Although Yun Chujiu said it easily, she was forced by Su Yanran like an ant on a hot pot, jumping around randomly.

She had no choice but to release da Hua. In just a few moves, Su Yanran finished him off.

Yun chujiu had no choice but to release da Hua again. This time, it was repeated. Although this guy was abnormal, his spiritual power was not enough to release da Hua again.

Beads of sweat also appeared on Su Yanran's forehead. She originally thought that she would be able to kill Yun Chujiu easily. She did not expect that after spending so much effort, she still could not hurt her at all. She could not help but be angry.

At this moment, chaos broke out on the other side of the mixed yuan square. Su Yanran frowned. She could not care less about Yun chujiu and immediately jumped over.

Yun chujiu stomped her feet in frustration. Oh No! Old Man Yao must have been discovered!

She had two stone Pixiu hold back the fan family's master and the others and ran to the mixed yuan square in a flash.

When she arrived, Su Yanran was already fighting with old man Yao.

When Old Man Yao saw Yun Chujiu, he revealed an apologetic expression. "Little Girl Jiu, it's my fault! I didn't expect that Bastard Bian Chen to be a member of the Divine Devil Hall. He was the one who ruined our plan."

Bian Chen? Yun Chujiu didn't have a deep impression of him. He seemed to be a true disciple, and his master seemed to be elder Linghu.

Just as Yun Chujiu was thinking about it, she saw a person dressed as an inner disciple, tossing a few coral fruits in his hands, with a face full of ridicule, he said, "Yun Chujiu, you also have this day? Although I don't know if these coral fruits and the antidote for the spirit devouring powder are the antidote for the carefree powder, you already have no chance to hand these coral fruits over to them!

“Fortunately, I was quick-witted and deliberately blended in with the captured disciples. Otherwise, I would have really let you have your way!

“Oh right, you still don’t know, right? Back then, when you were taking the entrance test, I was the one who increased the difficulty for you. However, you are really lucky, you actually managed to get in.

“Also, I sent someone to bribe manager Zhong from the law enforcement department, but that idiot didn’t listen to my arrangements after that.

Oh right, it was also my idea that you were framed by Liu Shun a few days ago. I just didn’t expect you to be so lucky that you didn’t die even after that!

However, it doesn’t matter. Now that Lord Purple Mask is here, you can only die!”

Elder Linghu, who was inside the array formation, gnashed his teeth in anger. “Beast! Beast! How did I teach you such a beast! I’m a sinner! I’m a sinner of the Chaos Origin sect!”
