

## The Yun Family's Ninth Child is an Imp! Chapter 3168

Bian Chen pursed his lips. "People walk higher and water flows lower. The Primordial Chaos sect is no match for the Divine Devil Hall. What's wrong with me defecting to the Divine Devil Hall? !

"Old Thing, for the sake of master and disciple, open the formation. I can beg the purple-masked lord to spare your life."

Elder Linghu was so angry that he spat out a mouthful of blood and fainted.

Yun chujiu could not be bothered with a villain like Bian Chen. Her brain was working quickly. The current situation was extremely disadvantageous to them. Should she stay or think of a way to get help?

Before Yun Chujiu could think of a plan, she heard old man Yao shout, "Little Jiu, quickly leave this place. I'll hold her back!"

Su Yanran sneered and forced old man Yao back with one palm. Then, she said to the people behind her, "You want to leave? None of you can escape today! Drag those two B \* tches out!"

Old Man Yao panted heavily. Although he was not injured, it was obvious that he had used up a lot of his spiritual power during the fight with Su Yanran.

Yun chujiu and him stood back to back. At least, they could prevent sneak attacks.

Yun Chujiu's heart sank when she saw the people being brought over. The people they were holding were Jin Zhi and ye Bingyu.

Su Yanran smiled coldly. "Yun Chujiu, I heard that these two people have a deep relationship with you. What do you think? Do you choose to die or them?"

Jin Zhi and ye Bingyu did not say anything because their relationship with Yun chujiu did not need to be expressed in words. No matter what decision Yun Chujiu made, they had no objections.

Su Yanran saw the conflicted and painful expression on Yun Chujiu's face and enjoyed it very much, so she did not rush her. Yun chujiu was now like a rat. She could kill her anytime and anywhere, but before she died., she had to torture her properly in order to resolve the hatred in her heart.

Yun Chujiu's hands were tightly clenched, and blood even oozed out from her palms.

She forced herself not to be blinded by anger, and she had to stay calm. She could only rely on herself now, and she could definitely do it because she still had many things to do. She could not give up just like that.

Yun chujiu gritted her teeth and ordered the guai Cao to release as much fragrance as possible. This way, it would attract countless demonic beasts, although she was not sure if she could convince those demonic beasts, but at least those demonic beasts would be able to cause an impact on the people of the Divine Devil Hall.

However, she had to think of a way to buy some time. Before the demonic beasts arrived, she had to at least guarantee that Jin Zhi and ye Bingyu would not be killed.

Su Yanran finally lost her patience and said viciously, "Yun Chujiu, what are you thinking about? Are you going to die or are they going to die?"

"Su Yanran, you are going against the will of the heavens! You will be struck by lightning!" Yun Chujiu said angrily.

Boom!

A bowl-sized bolt of lightning descended from the sky and struck Su Yanran.

Although it did not cause any damage to Su Yanran, it shocked everyone present.

Yun Chujiu said this to stall for time because she did not have confidence in her jinx skill. Who would have thought that it would actually succeed?

Yun chujiu immediately felt confident and snorted, "Su Yanran, did you see that? Tian Dao can't stand it anymore. If you don't Stop Now, you'll be struck by lightning!"

Su Yanran looked up with lingering fear. There was no cloud in the sky, but it was a bolt of lightning that struck her. Was it really Tian Dao who was punishing her?
