

The Yun Family's Ninth Child is an Imp! Chapter 3170

"Since you are so loyal, then do it now!" Su Yanran said with a cold smile.

Yun Chujiu sighed. "I, Yun Chujiu, can also be considered a chivalrous woman of my generation. No, a prodigy of my generation! From a trash who couldn't cultivate to the fourth layer of the spiritual space realm, from a little adopted daughter of the Yun family to a little ancestor of the chaos origin sect and the killing origin sect, she actually died today. It really makes people sigh!"

Su Yanran curled her lips. "Stop talking nonsense. If you want to die, then be quick. Otherwise, I'll kill them!"

Yun Chujiu looked at Su Yanran meaningfully. "Su Yanran, we can be considered old acquaintances. I'm about to die. Can't I say a few last words? You're too heartless! Moreover, if I die, won't You Be Lonely?"

You won't have an idol like me in the future. Do you still have the motivation to cultivate? You only exist because of me. If I die, you will lose the meaning of life!

If I really die, you will regret it! Don't really lose me. Only then will you know what it means to treasure..."

Everyone present was dumbfounded. Ten Thousand Divine Beasts roared in their hearts. Was this Yun Chujiu sick? What nonsense was she spouting!

After hearing Yun Chujiu's words, Su Yanran actually felt a little lost in her heart. If this Yun Chujiu was dead, what would her future goals be?

However, Su Yanran soon realized that she had been led astray by this Damn Yun Chujiu. She was so angry that her head was buzzing. The reason why she did not force her hand was because old man Yao's spiritual power was not as high as hers, however, it was not a problem to delay her for a moment.

Moreover, this Yun Chujiu had a bunch of messy spiritual pets. Perhaps she could really escape. When that time came, it would be too difficult to catch her again! Therefore, she used Jin Zhi and ye Bingyu to force her to commit suicide.

Su Yanran roared in anger, “Yun Chujiu, if you say another word of nonsense, you won’t have a chance to choose!”

Yun chujiu quickly covered her mouth and nodded desperately, indicating that she understood.

Yun chujiu took out a large kitchen knife and gestured a few times on her neck. She grimaced and couldn’t move, so she put away the large kitchen knife.

Then, this guy took out a rope and put it around her neck. He stuck out his tongue and stuck it out, then put away the rope.

Then, he sighed and took out a bottle of pills. He ate them all like chewing candy, but not only did he not die, he was even more lively!

Then, this guy took out another piece of tofu and slapped it on his forehead. He shrugged his shoulders, meaning that he still did not die!

Su Yanran was so angry that she almost vomited blood!

“Yun Chujiu! What are you doing? !”

Yun chujiu pointed at her mouth. Didn’t she mean to not let her speak?

“I’ll let you speak!” Su Yanran felt her head buzzing. This B * Tch was really detestable!

“F * ck! I can finally speak. I’m suffocating! I was committing suicide just now! You saw it yourself. I tried several methods but failed to die. I was also very helpless! “I really want to commit suicide!” Yun Chujiu said with an innocent expression.

Su Yanran glared at Yun chujiu and sneered, “Yun Chujiu, don’t play tricks in front of me! Kill them! As for this Yun Chujiu, I don’t believe that I can’t kill her today!”

Yun chujiu saw that Su Yanran was planning to fight to the death, she quickly said, “Alright! Alright! I will seriously commit suicide this time. I promise that I will die completely! However, you have to swear that if I really die, you have to let the two of them and elder Yao leave.”
