

The Yun Family's Ninth Child is an Imp! Chapter 3171

Su Yanran sneered. She had actually made a poison vow. Then, she looked at Yun Chujiu. "Can You Die Now?"

Yun chujiu knew that she couldn't drag this on any longer. Su Yanran's patience had reached its limit. If she still couldn't think of a way, she would really kill Jin Zhi and ye Bingyu if she was desperate.

This guy was extremely anxious. Why didn't the damn demonic beasts move? The demonic beasts were running slowly. The demonic birds and demonic insects should have flown over by now, right?

Just as this fellow was extremely anxious, he suddenly heard the people from the divine devil hall exclaim, "Sir! Look at the sky!"

Su Yanran raised her head and saw a dark mass in the distance. She did not know what was moving rapidly towards them.

When Yun Chujiu saw it, her heart immediately burst with joy!

It's coming! It's coming! It's coming!

No matter what comes, as long as it can distract Su Yanran and the Temple of God, she can find an opportunity to fish in troubled waters.

They soon saw what was in the sky, it was a large swarm of wasps, stinger wasps, double stinger wasps, trichogramma wasps..

The person of Temple of God and demon is suddenly a fluster, how come so many poisonous bees come out of nowhere? Although the level of spiritual power was not high, it was still fatal when it was pricked

on the body! Moreover, there were so many of them!

Soon, the poisonous bees arrived in front of them. The people of the Divine Devil Hall quickly responded to the battle. However, despite the numerous deaths and injuries of the poisonous bees, they still rushed in without caring about their own safety.

Hei Xinjiu was secretly happy. She was now surrounded by the people of the Divine Devil Hall. Those idiots could help her block the poisonous bees.

At first, Su Yanran was caught off guard by the poisonous bees, but she quickly calmed down. She took out a few packets of medicinal powder and waved them at the bees.

The Bees seemed to be very afraid of the medicinal powder and flew away unwillingly.

Yun chujiu quickly let guai Cao continue to release the fragrance. The Bees flew back again and were scared away by the medicinal powder again..

Su Yanran frowned. She felt that something was strange. Why did these damn swarm of bees keep staring at them?

Just as Su Yanran was puzzled, a large number of demonic birds flew over from afar. The number was so large that it almost blocked the sun.

The people of the Divine Devil Hall were in a mess. They really could not understand why there were demonic insects and demonic birds attacking them. First, there was heavenly thunder, and now there were demonic insects and demonic birds. Could it really be the punishment from Tian Dao?

SU yanran shouted coldly, "What are you panicking for? ! They are just some low-level demonic birds! Kill them!"

The people of the Divine Devil Hall only calmed down after hearing that and began to fight with the demonic birds.

Yun chujiu thought it was a pity that there were no high-level demonic birds and demonic beasts near the primordial chaos sect. These low-level demonic birds would probably die soon. She had to think of a way quickly.

Just as Yun Chujiu was thinking of a way, Su Yanran directly jumped behind Jin Zhi and Ye Bingyu, a hand was strangling a person's neck. "Yun Chujiu, I've already given you a lot of time. Now, I'm going to count to three. If you don't die, I'll strangle them to death."

"One"

"Two"

When Su Yanran counted to two, her hand had already begun to exert force. Jin Zhi and ye Bingyu's faces were flushed red, and it was obvious that they couldn't breathe.

Yun chujiu clenched her hands tightly, and fresh blood dripped from her palms once again.

Meng Yanshou had used the dream realm in the immemorial ice field once, and now it could not be used again. It seemed that Xiao Hei could only curse her.

Just as Su Yanran was about to say those three words, she suddenly staggered, and Yun Chujiu and Old Man Yao jumped up at the same time..
